

1961 - 1962

The following programs were reported

1. The District President attended one meeting and spoke on The Women's Institute
2. A delegate to the Farm Safety Conference at Guelph reported at a meeting
3. A program of slides on the Detroit Zoo and local scenes was shown.
4. A program of Christmas Carols
5. Reading of the Canadian Bill of Rights
6. A Safety Program with films, quiz and discussion conducted by Mr. C. Nesbit Assistant Agricultural Representative.

Two branches report giving attendance or progress prizes to local schools.

One branch reports that three members attended a class on how to operate a projector.

Since all branches sent delegates to the Workshop I am sure all conveners have material for good programs next year.

I move the adoption of this report

(Mrs. Wm.) Gene Plant
convenor.
