

also spoke of Past Rooms quoting examples in British Columbia. The wonderful results of the use of toxoid for prevention of diphtheria was brought to our attention. Questions on legislation were discussed and answered by Miss Powell.

Miss Powell then gave a talk on Canadian Industries, emphasizing particularly the process of making shredded wheat from Ontario grown wheat.

As there were a few minutes to spare before lunch Mrs Healy gave a report of the Temiskaming South institute.

At the afternoon session Mrs Raymond of New Lickard occupied the chair. The meeting opened with some community singing. Reports from Centre Temiskaming were given followed by a relief report of the Elk Lake branch given by Mrs Coghill.

This was followed by Cochrane district reports. We then had the pleasure of listening to a solo by Mrs Pritchley, "God is Love."

There followed a discussion on the best ways and means of giving relief also the good points of school lunches under the
