Dear Mrs Dillon

I am sorry I have not been able to answer your letter before now but I have been endeavouring to get the addresses you asked me for. First let me thank you for the two dollars you enclosed for the Cigarette Fund. I was speaking to my daughter about you and how far you had been in contributing for the boys cigarettes. She knows of you through working in the Sturteville Post office where she was seven years up to joining the Air Force last year. Perhaps you have met her. I have only been able to get one address so far. The Jenkins boy is now overseas and his father is trying to get me his address. The Rulman boy has been moved also and as soon as they hear from him they will let me have his address. So that just leaves the Armistead boy and his address is

B. 606617. Sapper. T. E. ARMISTEAD.

#23 GENERAL PIONEERS COMPANY.

ROYAL CAN. ENGINEERS

WAINWRIGHT. ALBERTA.

Will send other addresses as soon as I receive them

Kind regards  
Yours sincerely  
J. J. Greaves
