

November 14, 1957

The Ullawater Womens Institute met at the home of Mrs. A. Beathune, with the attendance of ten members and two visitors. Our meeting was opened by singing the "Ode" and repeating the "Mary Stewart Collect". Roll Call was answered by every one after some discussion, as not every one had understood what was wanted for an answer.

The bills were taken care of at this point as there was no communications to be delt with.

The minutes of our last meeting were read and approved.

It was moved by Mrs McKee and seconded by Mrs Blaise that papers by our standing committee be rearranged, so they wouldn't interfere with our own meeting.

Mrs Beathune gave her report on the district directors meeting in Utterson.

Mrs McKee gave a very interesting paper on minding and industries.

It was decided that our secretary should write to the Braubridge Student Council to find out where we could have our movie Projector repaired.

Mrs Beathune then kept us all in suspense
