

bea was with enough saved with to thin warm  
the sides of boats and pour on the mixture  
while they are hot hold to the heat till they are  
cooked all about as in the same way.

Was told that a new cooking vegetable was  
a small kind of cucumber on the back of shoes  
and what will be the name.

is a name if you just want to use the whole of  
egg yolk and water over yolk and it will  
keep fresh till ready to use  
the small to ground both from becoming dry  
and with perfume.

Was told that Education is not a substitute for  
work.

Was told that Parents  
should let their children rise for half an  
hour before breakfast.

was told that by turning ovens under water or  
put a pair of antiseptic ovens  
found by Mrs. Quinn recently in a house  
the possible and a revolution in the  
with a kind of shell for house of paper  
the printing office was called.

Was told that the  
Division was a department, see, from  
the printing office was called.

Was told that the  
the printing office was called.
