RESOLUTION RE THE NEED FOR BETTER DELIVERY OF TELEGRAMS TO RURAL COMMUNITIES

WHEREAS in too many known instances, telegrams received in Cochrane for rural residents are left undelivered for hours or days, due to the lack of telephone or mail delivery service,

AND WHEREAS such telegrams are often of very great importance to their recipients, since many times life and death are involved,

THEREFORE BE IT RESOLVED that the Chief Telegraphers of the C.N.R. and of the O.N.R. be urged to impress upon their employees, that any message of an urgent nature be sent out to the party for whom it is intended, by any possible means and immediately.
