HISTORY
BOOK

Mrs. Alta Engstrom reported in part on the district annual. It was announced that the workshop and procedure would be held at district level during the year. Also a new means of supporting the district was agreed upon so that each branch pay in a dollar per member instead of by donations as in previous years. Mrs. Phillips reported that the new hand books would be sent out shortly. Ten books to be sent to each branch for the use of the officers and standing committees - to be the property of the branch. Additional books to be sent upon request and a list of those requesting books to be listed in the minute book.
