

take advantage of the ⁽⁵⁾ education in so many phases
which the Extension courses offer. . .

We keep fairly well here. I just have to
accept the fact that I have to "slow up" but it's
very frustrating at times. The spirit is willing
but the flesh is weak! My husband doesn't
get out too often, but he has his books, radio,
and T.V. & keeps up with the times through these
mediums.

I hope you & your family are all
well. It must have been a thrill to see our
first Northern Area Scholarship presented.

Write again always happy to get
news. Gertie (Mrs Morris) is coming down to
Ottawa this week to look after my brothers
& children (high school) while he & his wife holiday
in the sunny south. The children will join them
when the school recesses at Easter. So I shall be
able to catch up on news. I do get the budgets & of course
the first page I turn to is - you guessed it the district
news.

All of the best. Most sincerely
(Mrs W. T.) Gertrude A Phillips
