

so that is why it just sits there we use it for our summer meetings only and a few times when we have W. D. courses or suppers. We have rented McNeill's Hall ourselves a few times for a dance & supper for the same reason, so this is why we felt if we could let the young people use it free it would provide a place for them to be properly chaperoned, and would not cost us anything as we have to pay Hydro & taxes on it whether it is being used or not. Hoping you do not mind me bothering you with our problems
