

but there would be a rent charge to other people or groups of \$5.00.

● Now we would like to let groups or organizations have it rent free as long as a Institute member asks for it and chaperones and there is no charge or profit made and they clean it after, otherwise the rent charge is \$5.00. This is really to try to have a hall for chaperoned parties for the young people in the community but we have to make equal rights to all organizations and since no other organizations usually want it except for profit we feel this will give the young people a place to go on Saturday.

This new motion was made at Jan. meeting with 10 out of 17 members present everyone present ~~with~~ was

● in favour so it was passed. Several members that were not at this meeting came to the next meeting and ruled this motion out of order because a month's notice of motion wasn't given. old motion made years ago. It is likely the members who made the first motion are either dead or moved away or are no longer members now.

These 2 members knew about this meeting also that the hall subject was being brought up but they visited with each other instead of coming to the meeting. We are going to get the old books to look up this motion.

● but if you could tell me the proper method of dealing with this I would be very glad. Thanking you for your time & trouble yours Truly.

Sec. Mrs. Ruthen Glen Mrs. Lloyd Smith
