Mrs. Sumner who gave a short but very interesting address on the city of Albany, N.Y.

Mrs. Craven then gave an address on Bermuda & presented many interesting exhibits. Her call was "What country I would like to visit & why?" There were some interesting ideas, Hawaii I think after the addresses given, we would all like to see both Albany & Bermuda.

It was moved by Mrs. Custrop seconded Mrs. Craven that Mrs. Fowler & Wilson be in charge of programme for March. Being no further business the meeting adjourned.
