

Scugog Island,
October, 1971

Dear Homemaker:

Several women have expressed an interest in forming a branch of the Women's Institute on Scugog Island.

The aim of the Institute is to:

- 1: Encourage better homemaking practices.
- 2: Help develop happier and more useful citizens.
- 3: Discover and stimulate leadership.
- 4: Encourage appreciation of things near at hand.

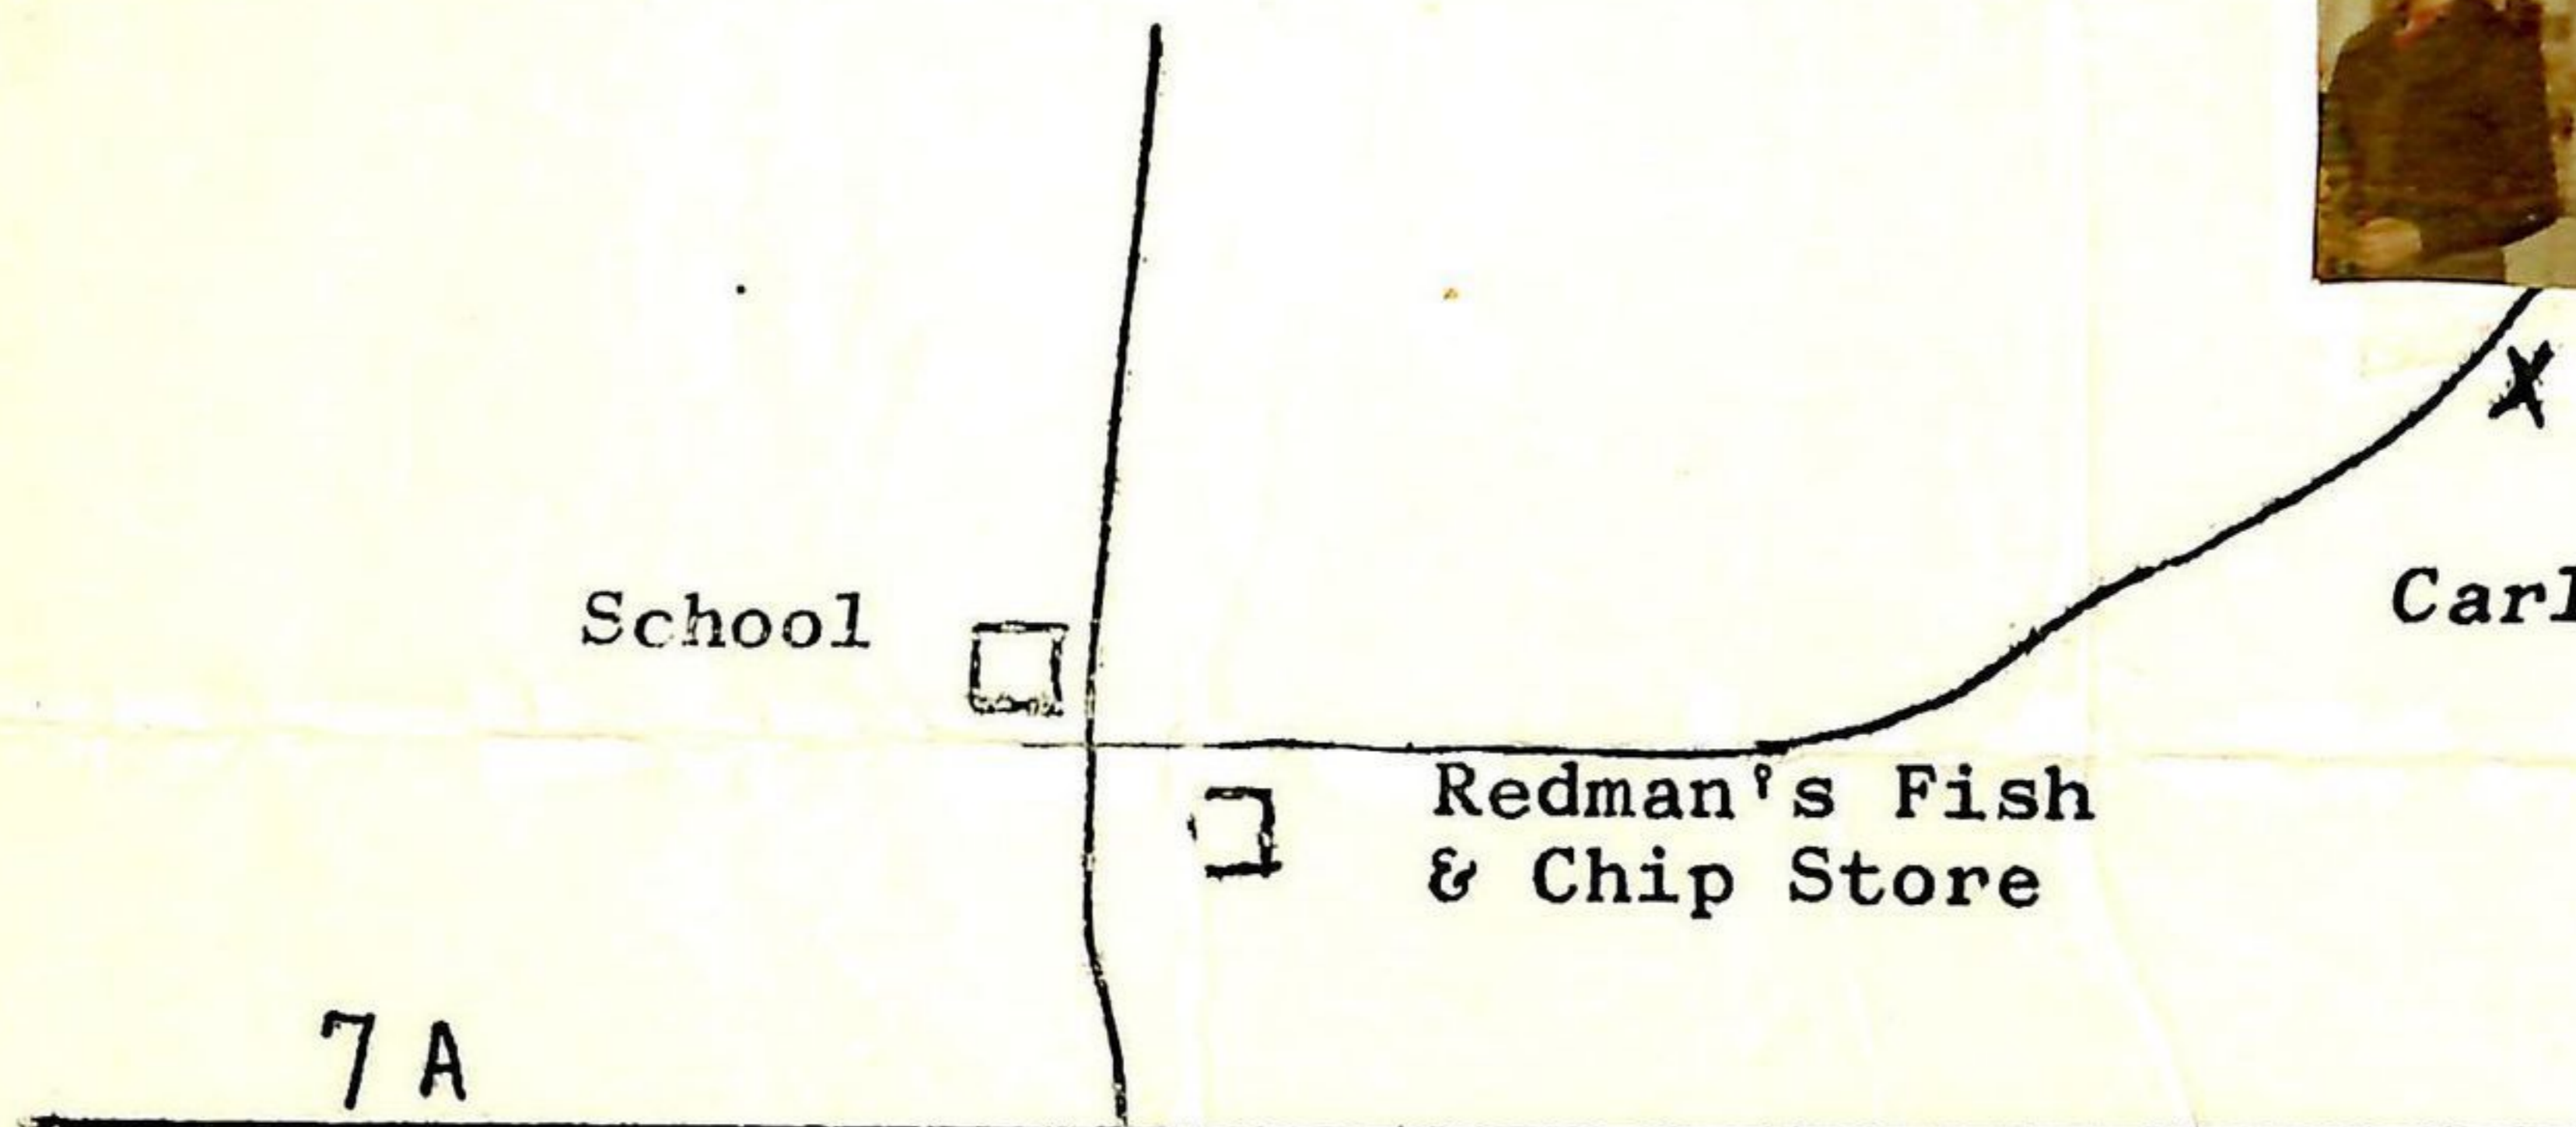

The Institute welcomes all women sixteen years of age or older.

If there are things you want to learn or accomplish then come and give us your ideas.
