

THE WOMEN'S INSTITUTE

Tune - The Maple Leaf Forever

1. The Institute in seventy-eight
At Stoney Creek did find its birth.
Its object was to lift the load
Burdened mothers bravely bore,
Well has she done this noble work
All joined in love together,
All giving cheer, support and aid,
The Institute forever.

Chorus - The Institute, our Nation's hope,
The Institute forever,
God bless our homes and heaven bless
The Institute forever.

2. The Institute its motto is,
"Lift the burden, help the home".
The mothers each instruct and hold
Thus our Nation to remould
So bravely still she struggled on
A' counting hardships never,
Just growing like the sturdy oak
Spreading her branches ever.
3. It spread one root way to the north
Taking root in Springbrook soil
And gathering to its arms and heart
Loyal women, workers true,
With pilots such as Mrs. Brown
And Mrs. Bailey also, and Mrs. Webb
And Mrs. Spry,
Our Institute will flourish.
