

THE COVER

This cover was purchased from Grand and Toy Company, Don Mills, Ontario. The Women's Institute crest and our Birr Branch name were imprinted with gold lettering on the blue leatherette cover.

The slip-cover was made from blue denim, and metal fasteners close the envelope-styled top. The lettering "Tweedsmuir History of Birr Branch" was done with gold ink and a speedball pen.

The temporary cover was made by Mrs. Jack Legg, curator. A permanent cover with a scene of Birr, Ontario, stitched in appropriate colours, is planned. It will be made by all the members of our Birr Branch "taking a stitch in time" on the practical slip-cover; in other words, each one giving us a sample of her beautiful needlework.
