Dorothy Dobbie
Birr WI

You have to walk in someone's shoes
To know just how they feel.
For things to you seem foolish
But to them they're very real.
If you had lived their life-time,
And shared what they went through
Perhaps you'd act the same as them
In little things they do.
So, never judge another
When you hear about their news,
You could be quite mistaken
Unless you wear their shoes.
