

V3.16

Lions Club International has been at the forefront of relief efforts for Walkerton residents affected by the E. coli tragedy. Recently, the organization came up with a \$10,000 U.S. donation for the cause, and just last week, the Tiverton Lions Club challenged other local clubs to join them in donating bottled water. Representing some of the clubs that have taken up the cause are Lions presidents (from left): Joan Borho of Formosa, Len Wilhelm of Walkerton, Betty Jean Finlay of Tiverton and Eoin Mackay of Ripley.
