

ANOTHER PERFECT VIEW TAKEN BY MAX TYE of Thorndale shows the annual Thorndale Fall Fair in progress. Max has numerous other air views he has taken from his airplane.

12½ CENTS A POUND FOR THIS ROAST — A memory picture from Kirkton shows Mr. and Mrs. Charlie Paul (a few years before their marriage) in the year 1911. This was when Charlie was helping with the butcher shop at Kirkton peddling the meat products with a horse and wagon. Mrs. Paul was then Miss Nellie Hazlewood. The price of the roast he is weighing up was 12½ cents a pound. FEB 1972

Brown's Corners

4-H Project "Featuring Fruit"
 Brown's Bashful Berries held their first 4-H Homemaking project "Featuring Fruit" at the home of the assistant leader, Mrs. Joyce Tate on February 17 at 7.30 p.m. We elected our officers as follows: President: Ruth Anne Beavers; press reporter, Pat McKay. We all decided to have a floating secretary. The president asked each girl the roll call "Why I Eat Fruit". Everyone answered the roll call. The leader, Mrs. Evelyn Arthur discussed the home assignment, about the recipe files, about dishwashing and about working with food. Sheila Harris and Judy Taylor demonstrated how to measure dry, liquid and shortening with direction from the leaders. The rest of the girls demonstrated the recipes, the Grape Sparkle Punch, the Mallow Chews. Everyone had a job to do in making the recipes. Next meeting is to be held on Feb. 29th at 7.30 p.m. The meeting closed by tasting the recipes the girls had made.
