Town of St. Marys

The Grand Central Hotel (Circa 1847) was for decades a welcoming place to spend the night. Today the keepers granddaughter welcomes you to "MARSHALL'S of ST. MARYS" now a group of three. What was once the lane for horses and buggies to reach the stables at the rear is now a charming card and candle shop. Browse on into the ladies wear (originally the bar). Then into the Gift Shop (formerly the dining room) where full use has been made of the charm and atmosphere of this old building. Many of the original antiques are used to display imports from around the world.

Do come and visit us soon.
