

September 8, 1943 - Dr. Mc Master recently returned from India was the speaker. She said that most of the people of India are farmers who live in villages, in houses built of brick and mud with tile roofs. She spoke of the diseases that prey on the people and the lack of help to combat them.

November 10, 1943 - Reports of the convention were given. Mrs. Geo. Arthur told of Agnes Knox Black's contribution to the convention and of the report of the Home Economics Convener, Mrs. Volten. Mrs. J. Hallinger summarized Dr. Vivian's address and spoke of the need of dental care. Mrs. T. L. McMurray summarized Senator Wilson's address, which had to do with the League of Nations and immigration.
