

Remember the school days

School reunions

Some of the students from this former class of the old Burgessville Public School just may be in attendance at the school reunions being organized as part of the Norwich Township Canada's Birthday celebrations being held this year in Burgessville. Plans for the reunion of former students from the Burgessville Continuation School and the Burgessville Public School (now the Oxford County

Museum School) are proceeding with the organization of special displays of photographs and artifacts to be set up in the present public school. The reunions get underway on the afternoon of Friday, July 1 and continue throughout the weekend, winding up on Sunday, July 3. If you know of any former teachers or pupils who live in other areas please inform them of this coming event they won't want to miss.

Remember the old school days

Frank (left) and Bruce Hilliker of Denver, Colorado enjoyed looking at the many old class photographs on display during the Burgessville school reunions held over the holiday weekend. Frank wound up a month long holiday, which began with the Nor-

wich Historical Show, with the school reunions while brother Bruce made a special trip up from Denver for the event. Both brothers lived and attended school in Burgessville as youngsters before moving to the United States in 1935. (NG Photo)
