Dear Katie, -

At last I get at trying to answer questions re my mother for your Institute History book. It is surprising when questions are asked how little one really knows.

1. Snapshot ~~subject~~ to follow.

2. ~~Edith~~ Mrs. John Lothian (nee Edith ^{Copy from here} ~~Lothian~~) was born in Hamilton, Ontario on June 23rd, 1873. As a young lady she graduated as a school teacher and was married to John Lothian of Strabane I think in 1893 at Strabane Presbyterian Church.

3. She came north to a farm five miles west of Cochrane in 1911 and lived there until after the 1916 fire when they moved to Monteith and lived there until after the closing down of the Government Farm in (1939?). She then moved to Toronto and lived there until she passed on to her final rest in 1963.
