

presented at Carleton University for the girls involved in the 4-H Homemaking Camp.

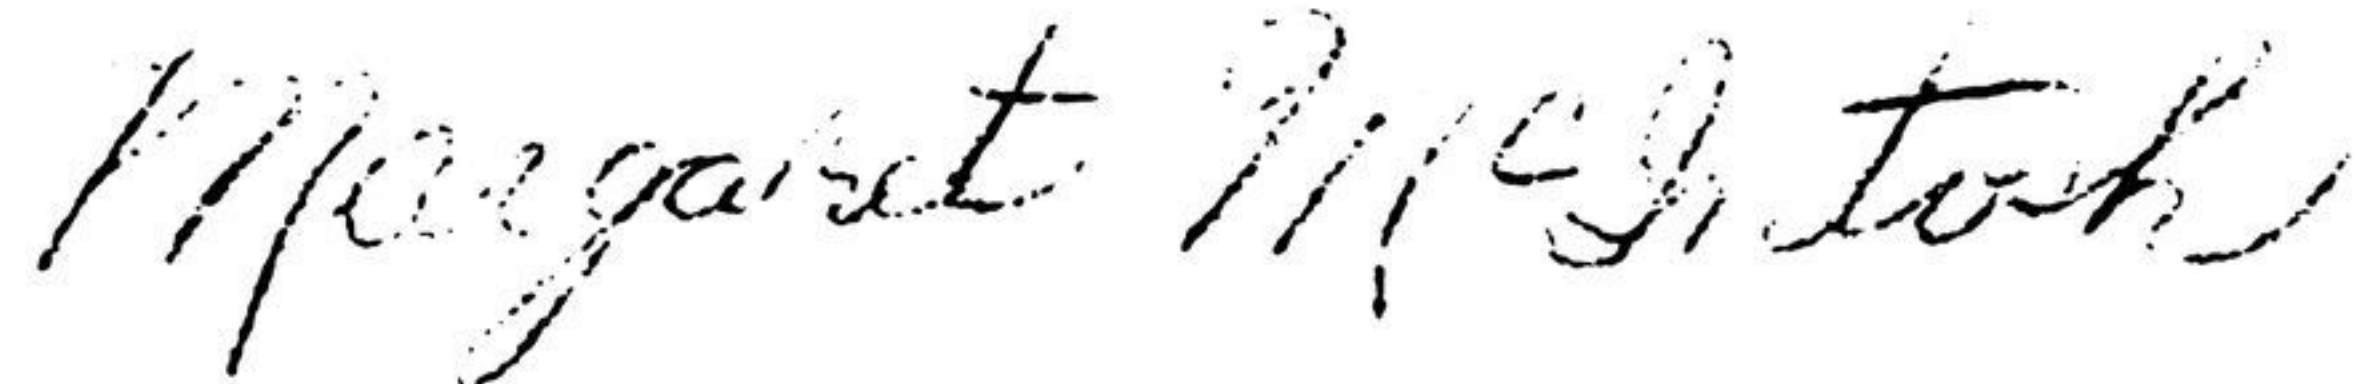

What must have been a real highlight in one branch was collecting all sorts of bells, dinner bells, teacher's bells, sleigh bells etc. They were used to accompany the singing of medieval carols, ending with "I heard the bells on Christmas Day."

Many Institutes enjoyed tours to places of interest. Grenville North and Grenville South Districts, shared the experience of a three day trip to Burlington, Vermont, where visits were made to Fleming Art Centre, Shelburne Museum, Woodcraft Factory, Morgan Horse Farm, Santa's Village, and our last meal was enjoyed at Lake Placid on the way home.

I enjoyed the poem "Mom's Apron" and now I shall close with a verse from one of the reports:

"There is no spice in life,  
With no challenge to meet:  
Get up and get going.  
Why sit on your seat?"

I respectfully submit and move the adoption of this report,

Margaret McIntosh,  
Ottawa Area Convener.  
Education and Cultural Activities.
