

History of First School in Dewar's Settlement Con'd

of the new school and with James A. Maloney, M.L.A. for Renfrew South, cut the ribbon.

This school was in use only a few years as schools were being consolidated.

For a few years pupils of Lochwinnoch and Dewars were bussed to school, grades one to four going to Lochwinnoch and five to eight to Dewars.

When, in 1967 the McNab Township consolidated school was built near Glasgow, all the country schools were closed.

Dewar's school was then purchased by J.M. (Mac) MacMillan, remodelled and became a very comfortable home. While inhabited by Ian MacMillan and family, this home was destroyed by fire in 1979.

In 1983 this home was rebuilt.
