Dear Betty Roberts :

I write to you , not to bother you, but to add this piece of information which I received from Mr Martin of Winnipeg. I have a Sarah Booth who may be part of this new family I'm doing. And this story applies to your^r neighborhood and should interest you. Since you have contacts, it may lead to conversations and you can add to it for your History collection and your Tweedsmuir Book.

Your community Library should be building a file card system of people ...of the twp there.

I have your beautiful book-'County of a Thousand Lakes' Frontenac Co. and was disappointed that John Kirby Booth or his mills aren't mentioned. Emma died at Sydenham and is buried there....Then Donald Bethune Booth was a Doctor at Odessa wife Carolyn Blagg Fryer ,,, his son Clement G and wife ^RBetha Storms lived at Wilton....

Your book mentions J.R. Booth who is not of this family, Irish.

I understand that this book is not a people book (genealogy) but a history book and well done. Next you'll need a people story.

It is possible someone may have pictures of the mill..or people for your collection. Thank you for any consideration. Do hope you are successful with your bed & breakfast... We were over in England and went that way and had a marvelous time.

Sincerely

(Mrs) Jean Lye

This study will take quite a bit and will be on file at O.G.S Lib at Quin
Quin Branch no doubt. Further inf of your Twp , Ill forward to you.
