

The sports committee had the land prepared and bought everything necessary for ball games. Many games were played there that summer.

On August 10th the Official Opening of the Park took place. There was a ball game. A team from Owen Sound played a local team. The speakers platform was two trucks seated with borrowed chairs; we borrowed seats from Spry Hall; electric lights were brought across from Wm. McCutcheon's house. The Warton band was in attendance. The chairman was the Reeve of Eastnor, Wilfred Everett. The guest speaker was Honorable McKinnon Philipps, Minister of Health. There were also McKenzie Foster, M. L. A. and Wilfred Adis, Warden of Bruce.

In 1951 a permanent booth was built and two swings. The schools held their field-day in the ball ground in 1950, 51 and 52. We finished paying for the Park in October 1951.

In 1953 we had earth drawn to level the grounds and a circular gravel driveway made; repainted the booth, table and swings. Bartleys donated an excellent table.

August 18 and 19 a well was drilled and a pump installed, also a cement platform.

In 1955 bleachers were built at the ball diamond by the ball team, the W.I. supplying the material. In September a fireplace was built near the well.

In 1956 two more tables were bought, also a set of swings.
