Our hostess, Mrs T. Cadeau showed us some very interesting pieces of hand work - i.e. a radio cabinet and a rattan work-basket made by her husband while a patient in Malton Compensation Hospital - a woven basket made by an Eskimo - several pieces of her own embroidery work which included a piece of Swedish Huck Towelling work. This was much enjoyed by those present.

Mrs A. Cadeau gave us a paper on Citizenship which called our attention to the precious gifts our country gives us, and the sacrifices of early pioneers to make our country's beginnings. We in our turn must value these gifts and realize also our responsibilities, and assume them.
