

A report on the Lampshade course attended by Caylor and Rose was given by Mrs Caylor with mention that anyone interested in taking the course should attend a meeting at Mrs. Caylor's home on October 1. Mrs. Caylor also reporting on the Home furnishing course stated that it had been a wonderful course and more should have taken advantage of it especially amongst St. 1. members. It was suggested that some system be worked out so that each member and any other interested person be contacted for any further course which may be given.

Different clippings pertaining to St. 1. work or members were read and circulated.

The canvass for the Blind was organized under chairmanship of Mrs. Fixan. No volunteers came forward for the social committee so different members were asked to share the planning.

Ideas were given as to what would be proper to bring for the October roll call - something for Adolpho.

No programme was presented so the meeting adjourned by Mrs. Barkhouse closed by the singing of the "Hymn of all Nations".

Lunch & refreshments were served. Tea collection was \$1.45.
