Around the Corner —

The P. F. is down the well — this is not news, but it is intriguing. Wonder what he sees down there that keeps him going back. Parents should keep a closer watch on their children — Mark was found sleeping on the road on Saturday — talk about tired! Saw Fred Elliott on his way to the store — He will be 79 years young at the end of this month! He marches along the nearly 3 miles to his home, on the average of twice a week, carrying groceries — Guess we are of a softer generation —

See you —

It is always fun to try recipes from a different part of the country. This recipe sounds different, too.
