Not Again?

This "apology bit" is getting to be a habit.

Your Editor again apologizes - No Lark appeared last week due to the flu bug flying stronger than the Lark bug.

We hope to be back in full stride by next week.

(How strong does the measles bug fly?)

ICE COMING!

Lakeside's Ice-Skating Rink is being prepared for use again this winter.

Thanks to the Pickering boys who voluntarily appeared with man strength, tractor and trailer and many other interested citizens who have helped to flood the ice, it should be ready for happy skaters.

Work on the rink was difficult at first because of the soft ground which soaked up the water like a thirsty sponge at first.

Skaters from Lakeside and surrounding area, Church members and citizens in general are enthusiastically awaiting the completion of the rink.

Euchre Held

Approximately five tables of Euchre players enjoyed a Euchre Party on Tuesday evening in the Crange Hall.

Attendance was small due to the many cases of flu and colds in the community. Those who were able to attend enjoyed the evening and the delicious lunch which was served at the conclusion of the games.

It is hoped that the many families suffering from various "winter bugs" are soon well and able to be out again.

Weather Forecast

January thaw (as soon as the rink is ready)

Happy Birthday to -

Belated Greetings to -

John E. Muir - Dec. 28/67

On Time -

Pan Enright - January 9/68

Jimmy Day - January 10

Marie Thompson - January 11

Brian Pickering - January 11

W.I. Meeting Held

Attendance was held down by the many cases of flu in the community, but a pleasant meeting of The Lakeside Womens Institute was held on Wednesday afternoon, Jan. 3 in the basement of The Lakeside United Church.

We trust everyone will be quite recovered and able to attend the February meeting.

Definition

FLU - An ill wind that makes everybody blow good.
