Total miles travelled 9172.

We cannot close this article
without a few words of deep
appreciation to Mrs Dr. Foster, Whiston,
whose zeal in the project brought
it about so soon, and the co-
operation of the District Branches
as far away as Shallow Lake,
Hepworth, Park Head, Olyphant
and Whiston who would receive
no benefits from the hospital
service whatever, to the Red
Cross for the wonderful work done
in the district and to the
many nurses who have served
the community so faithfully
for twenty-three years.
