Mount Hope News

By Leverne Misch

Pauline Monkman is a member of the midget girls cross-country team that received a gold medal at the CWOSSA meet at the Saugeen Bluffs on Friday. The team placed first over all midget girls which

qualifies them to run at the All-Ontario meet in Toronto. this week. Other members of the team are all from Tara, Mandy McDonald, Shannon Scarrow and Linda Hagemier.

qualifies them to run at the All-Ontario meet in Toronto.

Also at the Commencement at Chesley on Friday night Dianne Misch and Maxine Monkman received several awards along with their Secondary School Graduation Diplomas from Grade 12. Pauline Monkman also received an honour award for Grade 9.

Darlene Monkman of the University of Guelph was home for the weekend to attend the Commencement exercises at the Walkerton District High School where she received her Grade 13 diploma, an Ontario Scholar

and an English award.

We would like to welcome

Marie and Jim Henderson and sons to the Mount Hope community and church. They have taken up residence on the former Beth Wolfe farm.

Rhonda Lee Kingston, who is attending Fanshawe College in London, visited with her father Bev Kingston for the weekend and attended the Commencement at Chesley District High School where she received her Secondary

School Honour Graduation Diploma.

Maxine Monkman, who plays the centre position for the Chesley District High School senior girls' basketball team is this week's athlete of the week.

The 17-year-old daughter of Harvey and Marlene Monkman of Dobbinton has been playing basketball for seven years. She describes this year's CDHS team as "strong team with lots of potential. We just need more practise!"

To date, the senior girls' team, coached by Dale Ahrens has played three games, winning one and "losing two close games", Monkman says. The team's next game is today (Wednesday) at the Bruce Peninsula Secondary School in Wiarton.

As well as devoting between three and five hours a week on basketball, Monkman is also involved in intramural sports, soccer, volleyball, and serves as statistician with the school's athletic council. In the past, she has also been a member of the school's cross-country team.

Two years ago, Monkman spent three months in Quebec as an exchange student and returned this summer for a one-week visit.

Her future plans include university to pursue a teaching career in either Physical Education or French.
