Text of Resolutions ;

L. 1. Whereas, we the members of the Wooler Women's Institute, in open discussion have resolved, that this convention be urged to take steps to have put into force the law for the elimination of unsightly weeds and brush by the roadsides in our rural districts, we therefore advance a few reasons of the many that might be given - namely; 1st to beautify our country roads, 2nd to lessen the danger of accidents, 3rd to destroy the breeding places of caterpillars; 4th to destroy places that form protection for mice and rabbits, that girdle young fruit trees.

2. That the thanks of the Convention be extended - To the city of Belleville for the very hearty welcome extended to us and for the use of the City Hall. To the City Hall staff for assistance in making our first convention a success.

To the hospitable homes that were opened to entertain our delegates. To the florists for the use of potted plants and cut flowers for decoration. To all who aided by giving money and goods for prizes. To the Cheese Board for its liberal donation to Convention funds. (\$100.) To the proprietor of the New Queens's Hotel for the use of his rooms for committee meetings, also to him and his staff of capable waiters for their courtesy throughout the meetings and making the banquet such a success.
