.... TUNE Open Up Your Heart(with apologies)

1. There's a little village beside the river Grand,
Its pretty winding streets are the fairest in the land;
Grand Valley has its stores and shops, besides, a mill or two,
And every year we have a flood, and an Ice Derby, too.

CHORUS So, here's for our little town,
For our High School, too,
Isn't very big, but - we're a happy crew;
We climb the hill each day
Study, work and laugh,
In co-operation with the High School Staff.

2. To reach these halls of learning; from all the country round,
It's Stan and Stewart and Tony give us service all year round,
Some students come in early, and some students may come late,-
They'll never ever leave you if you're waiting at the gate.
3. When High School days are over, we'll leave this little town
To earn our bread and butter, and mayhap to gain renown,
No matter how we earn our dough, no matter where we roam,
We'll look upon Grand Valley as our Home Sweet Home.
