FISHING VESSEL UNCHALLENGED

LIVERPOOL, N.S., March 19 (CP) — The fishing vessel Marie Brenda called for the Grand Banks today unchallenged by pickets from among the 500 fishermen waging a three-month-old deep-sea strike. The vessel, which came here from the Lunenburg strike center 30 miles up the coast about 10 days ago, sailed with a Liverpool crew.

DUTCH COMPOSER DIES

LEIDEN, The Netherlands, March 19. (AP)—Willem Pijper, Dutch composer, died here today. His works were well known internationally.

asking congress to reject the St. Lawrence seaway plan but press for development of the river's hydro-electric power potential. The vote was 132-11.

Channel Is Opened

MONTREAL, March 19.—(CP)—The government icebreaker N. B. McLean, scarred and battered from 37 days driving her way through St. Lawrence river ice from Quebec City, docked here last night after opening a channel up the river in readiness for the opening of navigation a few weeks hence.

Shot in Back

(Continued from Page One)

lying face down with the head in the snow and frozen ground. After making a complete survey of the scene and after taking several official snapshots, the police wrapped the body in a tarpaulin and hauled it by toboggan to a waiting four-wheel drive former army truck on which it was brought to the town of Schreiber.

Joseph D. Grant was well known in the city of Calgary in the early days, according to reports from that center. His widow and one daughter, Mrs. K. R. Sullivan, reside in Calgary.

His widow, 71, is at present in California visiting with her sister. She has not been informed of the tragic events for fear of a second stroke she might suffer. Mrs. Sullivan, the daughter, of 1210 Westmount Boulevard, a war widow, left by plane from Calgary for Port Arthur on Tuesday.

Two Rifles Sought

The second chapter in the case, which broke about the middle of Dec., 1946, when relatives of Grant became anxious as to his whereabouts, will start with the appearance of Charles Martin in Port Arthur police court on Friday morning.

Martin was brought to Port Arthur from Regina to answer a charge of forgery committed at Schreiber, where he had resided for about a year and a half, and also for questioning in connection with the disappearance of Grant and Duchesneau. It is believed that the double murder was committed during the first week in December at which time very little snow covered the old mining property. Since that time huge drifts of snow held the secret to the disappearance of the two men until shovels piled by provincial police, under the direction of Inspector Kelly, turned up the bodies of the two men.

It is not known whether the two rifles, known to have been in the possession of Grant and Duchesneau, have been recovered as yet.

According to Inspector Kelly further investigation will be made at the mining property just as soon as the snow leaves the ground in the spring.

MONTREAL, March 19.—(CP)—Nearly 10,000 pilgrims and visitors from Canada and the United States gathered at the shrine of Brother Anise here to celebrate the eve of the Feast of St. Joseph in masses and prayers that started early today and continue through tonight.

ply of Asphalt and Road Oil, Bricks, Brooms, Cement, Dynamite, Fuse and Caps, Flat and reinforcing Iron, Furnace Lining, Galvanized Iron Dust Pans and Frames for Sewer Manholes, Gravel and Sand, Galvanized and Black Iron Pipe and Fittings, Galvanized Iron Sheets, Grader Bits, Grass Seed, Rubber Gloves, Shelf Hardware and other materials and supplies.
