

Grimsby Local News.

—Rev. Robert McIntyre is the most powerful and eloquent preacher that has ever stood on Grimsby Park platform. His flow of language is unlimited. His word pictures are beautiful beyond imagination or description; and his arguments and ideas powerful and sublime. Tremendous crowds listened to him Sunday morning and evening and were held spell-bound by his flow of language and depth of thought. None could listen to him without being carried away with his eloquence and power. If he returns to the Park the old amphitheatre will scarcely hold the crowds that will flock to hear him. 152 2

The brick work on the new Presbyterian Church is completed, and Mr. Marsh has started the carpentering, which if carried out as well and promptly as the masonry, by Mr. Orth, this church will easily be ready by the required time, 1st October. The building looks well so far.
