Manufacturer of Buggies, Democrats, Waggons, Cutters, Sleighs, Iron Harrows, and Agent for Plows.

JOHN H. HEARD, Flesherton.

Saw Mill & Timber Land For Sale or To Let.

In the **Township of Artemesia,** in the County of Grey, 4 miles from Flesherton Station, the Canadian Pacific Railway. The Mill is situated at Little Falls, in a block of about 400 acres Timber Land, with other timber land surrounding. The building is substantiolly built on stone foundation. The machinery is all good and driven with great power by a 23 inch Leffel wheel, under 36 feet head of water. There are 1 Large Circular Saw for cutting logs; 2 Small Circulars for sawing Laths and Broom Handles; 1 Guage Lathe for turning Broom Handles, &c.; 1 Shingle Machine with Jointer and Packer complete. The Water-Power is excellent, the stream being very regular. There are several other good Mill Sites on the property. The land in this valley is considered the best in the country. The place would make an excellent Stock Farm when the timber is taken off

This offers a good opportunity for a practical, energetic man to go into this kind of business, as the place will be sold or let on FAVORABLE TERMS. The bush is so convenient to the Mill, logs can be trucked in summer time. Immediate possession given.

☞ *Purchasers should look to the Label on the Pots and Boxes. If the address is not 533, Oxford Street, London, they are spurious.*

The Advance till Jan. 1st, 1885, for 15 cents.

The First Camp-Meeting.

The first camp-meeting in the United States was held in 1799, on the Red River, in Kentucky. Two brothers named McGee, one a Presbyterian minister and the other a Methodist, were on an evangelistic tour from a Tennessee village where the Methodist brother was stationed, to a place called the "Barrens" in Ohio. Arriving at a town on the Red River, they stopped to attend a sacramental service with a Presbyterian pastor named McGreedy. John McGee, the Methodist, was invited to preach on the occasion, which he consented to do, and delivered a sermon of great power. His brother followed him with a sermon which also proved very effective. Tears flowed from many eyes, and shouts of rejoicing were soon heard from all parts of the house. The McGee brothers were too powerfully affected to leave. John McGee was expected to preach a second sermon, but when the appointed time came he arose and declared to the people that the overwhelming nature of his feelings were such that he could not deliver a formal sermon, and he exhorted them with great earnestness to surrender themselves to God. Cries and sobs were heard in every part of the house, and the excitement became intense. Accounts of this extraordinary movement soon reached the settlers in the surrounding country, and the people came in great crowds to see what these things meant. They had never heard the like before. Many came long distances in waggons, bringing provisions with them. The meeting house could not contain all who came, and an altar was therefore erected in the neighboring forest. This novel arrangement gave a fresh interest to the services, and tents being secured, with provisions and other necessaries, camp was formed around the altar. The meeting continued for a week. Sectarian distinctions were lost sight of for the time, and Presbyterians, Baptists, and Methodists, labored together most harmoniously in the work of saving sinners. The results were glorious, and suggested another meeting of the same kind, which was presently held on the banks of the Muddy river. A third and fourth meeting soon followed, and were attended by vast throngs. At one of these early meetings no less than 20,000 were present at one time. The roads leading to the groves where the services were held were often literally filled with people, and whole neighborhoods were at times depopulated. After the first excitement was over the Presbyterians gradually withdrew from the field, but the Methodist carried them into other parts of the country, and they soon became general throughout the denomination. During the first eight years after the introduction of camp-meetings the net increase in membership of the Methodist Episcopal church was over 82,000, with a corresponding increase of ministers and exhorters.

A VALUABLE PATENT.—The most valuable discovery patented in modern times is that of the best blood purifier and liver and kidney regulator known. We refer to Burdock Blood Bitters, which is making cures and bringing the blessed boon of health to so many homes.

Another Entangled Report.

Dr. Mudge had been presented with a gold-headed cane, and the same week a patent pig-killing and sausage-making machine had been tried in the place of which he was pastor. The writer of a report of the presentation and a description of a new machine sent his copy to the printer, and the inconsiderate Caxtonian who made up the forms of the paper got the two locals mixed up in a frightful manner, so that when he went to press, something like this was the appalling result: Several of the Rev. Dr. Mudge's friends called upon him yesterday, and after a brief conversat'n, the unsuspicious pig was seiz'd by the hind legs and slid along a beam until he reached the hot-water tank. His friends explained the object of their visit, and presented him with a handsome gold-headed butcher, who grabbed him by the tail, swung him round, slit his throat from ear to ear and in less than a minute the carcase was in the water. Thereupon he came forward and said that there were times when the feelings overpowered one, and for that reason he would not attempt to do more than thank those around him for the manner in which a huge animal was cut into fragments was simply astonishing. The doctor concluded his remarks, when the machine seized him, and in less time than it takes to write it he was cut into fragments, and worked into delicious sausages. The occasion will long be remembered by the doctor's friends | as one of the most delightful of their lives. The best pieces can can be procured for tenpence a pound; and we are sure those who have sat so long under his ministry will rejoice that he has been treated so handsomely."

DR. LOW'S PLEASANT WORM SYRUP—An agreeable, safe and effectual remedy to remove all kinds of worms.

Fair Play.

To the Editor of The Advance.

DEAR SIR,—In your issue of 30th Oct., *Fair Play* wishes to gain notoriety at the expense of two of our *much esteemed* and *widely* known citizens. Well, I suppose, like *myself*, he likes to drive the *grey goose quill* and sling his ink even should it soil the garments of two such notables as the man of Manitoba fame and the other who boasts not only *chin whiskers*, but also can boast of legal acumen as well as veterinary skill. My advice would be: hang out your shingle, Pat; announce to the world that you are able and willing to execute *conveyances*, &c., &c. of all kinds, *especially* speedy conveyances *from* the North-West. Furnish your office with plenty of *assessment* rolls and my word for it, Biddy will look afther the dimes.

As for Mike—well, if the same law prevails in Kimberley as did in the part of Ireland where I was raised, I'd just plant an office directly opposite to Pat's (make Plewes move his mill) hang up my *black thorn*, and announce myself to the citizens of Kimberley and the whole world. That as I was so *eminently* adapted to the discovery of *flaws* and errors in all *legal* and *illegal* transactions (even the introduction of *illicit poteen*) into any proscribed country, that my services and those of my *thorn* were offered *cheaply* to an *unappreciating* public.

Well, Fair Play, a word to you: If you don't want any more Donnybrooks, get elected on the police (I don't mean the Mounted Police) and then just draw your pay and let the fun go on.

TEDDY O'RORKE.

Donnybrook, Nov. 3rd, 1884.

An Answer Wanted.

Can any one bring us a case of Kidney or Liver Complaint that Electric Bitters will not, as thousands of cases already permanently cured and who are daily recommending Electric Bitters, will prove. Bright's Disease, Diabetes, Weak Back, or any urinary complaint quickly cured. They purify the blood, regulate the bowels, and act directly on the diseased parts. Every bottle guaranteed. For sale at 50c. a bottle at W. Richardson.

OBSTRUCTIONS of the Stomach, Liver and Bowels, are promptly removed by National Pills.

FREEMAN'S WORM POWDERS destroy and remove worms without injury to adult or infant.

KING'S EVIL

Was the name formerly given to Scrofula because of a superstition that it could be cured by a king's touch. The world is wiser now, and knows that

SCROFULA

can only be cured by a thorough purification of the blood. If this is neglected, the disease perpetuates its taint through generation after generation. Among its earlier symptomatic developments are Eczema, Cutaneous Eruptions, Tumors, Boils, Carbuncles, Erysipelas, Purulent Ulcers, Nervous and Physical Collapse, etc. If allowed to continue, Rheumatism, Scrofulous Catarrh, Kidney and Liver Diseases, Tubercular Consumption, and various other dangerous or fatal maladies, are produced by it.

Ayer's Sarsaparilla

Is the only powerful and always reliable blood-purifying medicine. **It is so effectual an alterative that it eradicates from the system Hereditary Scrofula, and the kindred poisons of contagious diseases and mercury. At the same time it enriches and vitalizes the blood, restoring healthful action to the vital organs and rejuvenating the entire system. This great**

Regenerative Medicine

Is composed of the genuine *Honduras Sarsaparilla*, with *Yellow Dock, Stillingia*, the *Iodides of Potassium* and *Iron*, and other ingredients of great potency, carefully and scientifically compounded. Its formula is generally known to the medical profession, and the best physicians constantly prescribe AYER'S SARSAPARILLA as an

Absolute Cure

For all diseases caused by the vitiation of the blood. It is concentrated to the highest practicable degree, far beyond any other preparation for which like effects are claimed, and is therefore the cheapest, as well as the best blood purifying medicine, in the world.

Ayer's Sarsaparilla
