Characteristics of the Past Week Carefully Culled for the Curious.

Division Court is being held in Flesherton to-day (Thursday.)

Mr. E. Vanzant, Flesherton's marble "king," has his new shop nearly completed.

It is rumored that W. P. Crosley has disposed of his 'bus line to Mr. Dick Pedlar.

W. Trimble, Esq., is in Toronto looking after sales of produce. Mr. R. Keefer is with him.

Deer hunters have had very poor luck around here this fall. We have heard of but two animals being secured.

On Nov. 11th, cattle fair day, Mrs. C. Treadgold will sell her household furniture for cash. Sale will commence at 1 o'clock.

Miss Page, of Welland, and Miss Tottie Tucky, of the same place, are the guests of Mrs. Munshaw and Mrs. Damude.

A mild type of scarlet fever is getting in its work in this village just now. Master Vick Kester, of the Advance staff, has been laid on the shelf with it during the past week.

Mr. W. J. Howard had the second finger of his right hand very nearly amputated by a shaper in the factory on Friday last. The bone was snapped off and the flesh badly lacerated.

A Beetonism: J. R. Croft lost his ring three weeks ago when out chasing the festive partridge to its lair. Last week a son of Thos. Nichols fell in the creek in his father's bush and emerged with Croft's ring on his toe.

Quarterley services will be held in the Methodist church, here, on Sabbath, the morning service to commence at 10.30, instead of 11 o'clock, the usual hour. On Monday the business meeting will be held.

At a meeting of the Flesherton board of trustees, held on Saturday evening last, it was decided to engage Miss Carrie Slack, of Egremont, to take Miss Ganton's position, the latter's certificate expiring at the end of the present year.

On Hallowe'en at Priceville some rowdies threw a stone at the residence of Councillor McArthur. Mrs. McArthur, who was standing in the door, was hit near the knee with the missile and received a severe injury.

Hallowe'en was characterized this fall by a very small amount of depredation. A few boyish asses tried to have a little fun, but one of them was led back to the scene of his humor and made to replace what he had displaced. The others let their fun fizzle out in bowls and through pea guns.

Mr. Henry Ellis, a native of Kimberley, but lately of New Hampshire, returned home last week. He intends returning again to New Hampshire in about a month, where he will take charge of a gentleman's farm. It is rumored that —— —— well, we will let some of our lady readers fill in the hiatus.

Money is scarce, and most loan companies have advanced their rate of interest to 7 per cent on real estate mortgages. S. Damude has a large amount to invest at 6½ per cent., and will be prepared to secure applications. Persons wanting to negotiate new loans or renew, will do well to call before the rate advances higher.

J. G. Russell, Esq., was called away to Hamilton this week to oversee a little transaction of his brother, of that city, and a young lady of the same place. J. G. is a born stage manager, and knows how to call time for a young couple starting in on the drama of life just as well as the best of them. Don't return without a generous piece of the cake, Jehiel Goff.

Catarrh cured, health and sweet breath secured, by Shiloh's catarrh remedy. Price 50 cents. Nasal injector free. For sale at the Medical Hall.

The boys are talking of forming a dramatic club this winter. Good idea. It ought to be encouraged.

The Markdale Standard rises to remark, locally, that "every man's ability may be greatly strengthened and even increased by culture." Quite true. So may the growth of cabbages! Potato bugs, however, gain strength and increase without culture. Don't you think brother, that it would be worth our while to bring these interesting newly-discovered facts before the next meeting of the American Association of Scientists?

Hors de Combat.

Mr. Charley Mosier entered the stall of a horse belonging to Harry Legard, on Friday last. The animal made a lunge at him and bit his cheek severely. It also struck him in the breast with its fore foot and kicked viciously at him when he was getting out of the stall. Charley is now cultivating patches of sticking plaster and has grown a splendid crop of cheek.

Fine Cattle.

Mr. R. Cook, our energetic cattle buyer, shipped a car load of cattle last Thursday. They were delivered here on Wednesday, and The Advance made an inspection of them as they passed through the village. It is seldom, indeed, that so fine a lot of fat animals are seen together. There were twenty-two in the drove, and among them a large number would weigh from fifteen to seventeen hundred pounds. Eight of them went over seventeen hundred. Cattle are pretty well bought up in this neighborhood, but Mr. Cook still appeaas to be able to find 'em.

Nine cords of Wood in Ten Hours.

By one man may appear to some as an unlikely story; but a machine is now manufactured which has proven such a feat is possible. It can be carried folded on a man's back, saws down trees and runs easy without causing backache. 25,000 now in use and the demand is constantly increasing. Apply to Folding Sawing Machine Co., Chicago, who will send free illustrated catalogue containing testimonials from hundreds who have sawed from 4 to 9 cords in a day. A new invention for filing saws accompanies each machine; same can be had separate. With this tool any one can file a saw better than an expert can without it.

To Our Subscribers.

The special announcement which appeared in our columns some time since, announcing a special arrangement with Dr. B. J. Kendall Co., of Enosburgh Falls, Vt., publishers of "A Treatise on the Horse and his Diseases," whereby our subscribers were enabled to obtain a copy of that valuable work free by sending their address (and enclosing a two-cent stamp for mailing same) is renewed for a limited period. We trust all will avail themselves of this opportunity of obtaining this valuable work. To every lover of the Horse it is indispensable, as it treats in a simple manner all the diseases which afflict this noble animal. Its phenominal sale throughout the United States and Canada, make it standard authority. *Mention this paper when sending for "Treatise".*

The Thornbury Standard bristles up with assumed indignation because we checked its wild statement that Thornbury markets were superior to those of any of the surrounding towns. The paper now asserts that The Advance gives false market quotations; that Flesherton has only one gristmill, and that an "antediluvian" old thing "fit for nothing but chopping pig feed, and places like Markdale with even worse facilities, cannot possibly have decent markets!" These facetious remarks of Mr. Farewell are very amusing, indeed, and we can scarcely write for laughter at his humor. Just as though the prosperity of a market depended upon its possession of a gristmill! The humor, too, is better understood when it is remembered that Flesherton has at present one first class roller mill and another under course of construction, Mr. Loucks being at present busily engaged converting the "Little Mill" into a roller mill. We might be tempted to give Mr. Farewell a lecture if we thought him in earnest, but his assertion that "the Union Standard was never known to vary from the truth in a single instance since its establishment sixteen years ago," proves conclusively that he was only joking. The Standard wouldn't lie—except for "a consideration."

Artemesia Council.

The above council met in the Town Hall, Flesherton, on Monday last, Nov. 4. All the members present, the reeve in the chair. A communication was received from I. B. Lucas demanding $15 damages to Wm. Brewster's buggy, caused by a defective bridge at the Morey House. The following accounts were received and ordered to be paid: John McArthur, letting and inspecting special grant on town line A. & P., $2; reeve, clerk and assessor for selecting jurors, etc., $13; repairs to bridge on gravel road near Mory House, $5.70. Certificates of receipt of voters' list for 1889 and list of jurors for 1890 were received from the Clerk of the Peace for the county.

Moved by Messrs. J. McArthur and W. Sharp, that the communication of I. B. Lucas, barrister, re damage to Brewster's buggy at Morey bridge be laid on the table, and that the reeve be and is hereby instructed to ascertain the full particulars in the matter and report at the next meeting of Council. Carried.

Moved by Messrs. McArthur and Boland, that Michael Henry be remitted the sum of ten dollars off his taxes on account of his building being destroyed by fire on Oct. 4 last. Carried.

Moved by Messrs. McArthur and Boland, that the application of M. Akitt re reduction of takes on his mill property be not entertained. Carried.

Moved by Messrs. Sharp and Cairns, that an order be issued in favor of Thos. Snell for $3, being for statute labor returned but performed after list was returned, and that the same be handed to Collector Wright and credited to Snell. Carried.

The Council then adjourned to meet again on Monday, Dec. 16, according to statue provided, to receive detailed financial statement of treasurer.
