A Verdict for the County.
Dr. Christoe was in Owen Sound last week defending a suit brought by one Sinclair against the county. It appears that Sinclair built a vault according to instructions from Dr. Christoe as chairman of the County Property committee. Sinclair was to receive value for his work, but his charges were deemed excessive according to the committee. An architect examined the work and gave his certificate, but Sinclair still refused to settle, and sued. At the trial last week judgment was given for the county. Sinclair's original bill was \$90. He receives \$57 and pays cost of suit.

An Important Matter.

MR. EDITOR.—It is a well known fact that the majority of people are inclined to look upon a cold in the head as a matter of little importance—involving at the most only a temporary inconvenience. No more disastrous mistake was ever made. The neglected cold in the head is the source of the catarrhal affections with which about seven-tenths of the people of this country are afflicted, and catarrh itself is too often the preliminary stages to consumption and death. The symptoms of catarrh are manifold, but among them may be mentioned, offensive breath; dull, oppressive head ache; offensive droppings from the nostrils into the throat and bronchial tubes; deafness or partial deafness; constant hawking and spitting; weak and watery eyes; a hacking cough and feeling of general debility; ringing in the ears and frequent dizziness. These are but a few of the more general symptoms, and those who experience them should lose no time in applying a remedy—delays are proverbially dangerous, and in the case of this too prevalent disease may lead to death. We offer Nasal Balm to the public as a positive cure for cold in head and for catarrh in all its forms and stages. Nasal Balm has been tested in thousands of cases, and the testimonials in our possession prove that it is all we claim for it. It has cured other sufferers—it will cure you. It is easy to use, pleasant and agreeable and does not require a douche, or any torturing instrument to apply it. Give it a trial and be convinced of its great efficacy. Sold by all dealers or sent post free on receipt of price—50c for small or \$1 for large size bottles, by addressing Fulford & Co., Brockville, Ont.

A Danger Signal!

A Cold in the Head may be aptly termed a danger signal warning you that if neglected the dangerous and disagreeable disease, Catarrh, is sure to follow, perhaps leading to Consumption and the grave. At no season of the year is Cold in the Head more prevalent than during the Spring months, and at no other season do the people of this country suffer more generally from Catarrh, with all its disagreeable and annoying effects. Do not for an instant neglect either of these troubles, but apply NASAL BALM, the only remedy that will give instant relief and effect a thorough cure. The following testimonials from among thousands in our possession bear witness to its sterling merit.

Alex. Burns, Sandbury, Ont., says: I may state that I have been affected with Catarrh seven or eight years and it was attended by consequent symptoms such as foul breath, constant dropping into the throat, hawking and spitting, partial deafness, ringing in the ears and sickening pains in the head directly over either eye. I have used powders and douches, but all to no effect, the only relief arising from the use of such was temporary relief, followed by the usual symptoms in a more aggravated form. The results arising from the use of Nasal Balm: Sweet breath, stoppage of the droppings into the throat, consequently less hawking and spitting, clearness of hearing, and not once since I began its use have I had pain in the head. In fact, it is my opinion that a careful and persistent use of the Balm will effect a cure in the worst case of catarrh.

T. D. D. Lord, 8 Clarence street, Toronto, says: I wish here to testify to the unequalled healing powers of your Nasal Balm. I have been troubled for three years by what the doctors call post nasal catarrh, and have tried everything in the city that could be obtained, in the shape of catarrh cures, and found no permanent relief from any of them, till a friend one day advised me to try your Nasal Balm, and I find that even one bottle has done me more good than all the medicines put together that I have persecuted myself with before. I was very much troubled with spitting and hawking, especially in the morning, so much so that my throat was continually in a raw condition, but I am now beginning to know what it is to be able to speak freely. I shall not fail to recommend it to any of my friends suffering from the like disease.

Nasal Balm Nasal Balm

Instantly Relieves **COLD IN HEAD.** Positively Cures **CATARRH.**

A. W. Mallory, Mallorytown, Ont., says: My daughter suffered for years from a most distressing and annoying Catarrh. Her case was under the treatment of eminent physicians in the United States and Canada. Two months use of Nasal Balm has had more beneficial effects than all former treatments combined.

D. Derbyshire, Mayor of Brockville and President of the Ontario Creamery Association says: Nasal Balm beats the world for Catarrh and Cold in the Head. In my own case it effected relief from the first application.

I. D. Dion, Dept. Railways and Canals, Ottawa, says: I am very glad to give you to-day the testimony that Nasal Balm has completely cured my catarrh, from which I suffered for nearly three years.

Isaac Waterman, Imperial Oil Co., Petrolia, Ont., says: Nasal Balm gave me the most perfect satisfaction of any medicine I ever used for Cold in the Head. I found it easy to use, quick in giving relief and effect a complete cure in a couple of hours.

If Nasal Balm is not kept in stock by your dealer it will be sent post paid on receipt of price (20 Cents for small and \$1 for large size bottles) by addressing **Fulford & Co., Brockville, Ont.**
