If you want Milk Pans, Milk Crocks, Butter Crocks, Fruit Jars, Flower Pots or Woodenware, call on the Cash Store.

1000 dozen of Eggs wanted in exchange for goods.

McDONALD & EVANS.

District Meeting.

The annual District Meeting of Markdale district was held in Markdale on Tuesday and Wednesday of last week. This District is composed of nine circuits and Missions. viz.: Markdale, Flesherton, Dundalk, Melancthon, Eugenia, Priceville, Holland Centre, Walter's Falls and Euphrasia. The meeting consists of all the ministers within said bounds and one lay delegate for each minister. The lay members meet separately during the session and elect by ballot lay representatives to the Annual Conference, in the proportion of one for each minister.

There were present, for Markdale, Rev. Geo. Buggin and J. Lyons; Flesherton, Rev. J. W. Shilton, B. A., and J. W. Armstrong, Esq.; Dundalk, F. Z. Nixon; Melancthon, Rev. Thos. Legate and John Rundle; Eugenia, Rev. J. H. Watts and J. B. Sloan; Priceville, Rev. Wm. Ottewell and C. C. James; Holland Centre, Rev. Geo. Hartley and Lyman Anderson; Walter's Falls, Rev. J. W. Sanderson and Jas. Bowers, Esq.; Euphrasia, Rev. T. R. Fydel and Jas. Morwood, also a number of visitors. Rev. Mr. Moss, of Dundalk, was absent owing to the sickness of one of his children.

The following representatives to the Annual Conference, viz.: On stationing committee, Rev. T. R. Fydel—Rev. Geo. Buggin being the other member of said committee by virtue of his office as District Chairman. S. S. committee, Rev. T. Legate and J. W. Armstrong. Lay Delegates—C. C. James, Priceville; J. W. Armstrong and Dr. Christoe, Flesherton; John Rundle, Melancthon; F. Nixon, Dundalk; L. Anderson, Holland Centre; James Bowes, St. Vincent; John Lyons and C. W. Rutledge, Markdale.

A resolution was passed recommending the Ebenezer appointment, 11th line Euphrasia, to be attached to Walter's Falls Circuit, and Pleasant Valley, which was merged with Lyon's appointment a year ago, to be taken up by Euphrasia, and that circuit to be again placed on the Mission list.

The following resolution was warmly supported by spontaneous expressions from every circuit and unanimously carried:

Moved by Rev. J. W. Shilton, B. A., seconded by Rev. W. Ottewell, that the cordial thanks of this meeting are due and are hereby presented to our Chairman, the Rev. Geo. Buggin, for the fidelity, ability and impartiality with which he has discharged his duties during the past three years. We have pleasure in recognizing his Christian spirit and the deep interest he has taken in all departments of our Church work on the District. We pray that his life may long be spared to serve the Master in a like sphere.—Standard.

Teachers' Convention.

The 25th semi-annual Teachers' Convention of South Grey was held at Durham last Thursday and Friday. The weather being unusually favorable the attendance of teachers was better than usual. On Thursday morning after the meeting was opened and general business attended to, Mr. Ramage read a very interesting paper on "Agriculture in Schools." He seems to think that education in this line fits as necessary as in any other and if introduced into schools would tend to raise farming into greater favor. Instead of farmers' sons leaving the farm to enter upon some profession we would find the sons of doctors and lawyers going to the farm. Next Mr. McCool spoke on how to teach history, how this subject should be taken up to interest the pupils and cultivate a taste for it. Mr. McCool's way of learning to like a subject is to stick at it until he does like it. This talk raised a discussion on the merits and demerits of the present history used in the schools. The conclusion arrived at was that whatever demerits it possessed it certainly has one

merit which is that it makes teachers teach history; formerly the book did the teaching. The President's address by Mr. Allen was well received by the teachers. Mr. W. L. Dixon presented a very good plan of taking up junior arithmetic. He showed a table of combinations of numbers, which, when learned, would be a great help in addition. Miss Cooper showed how rapid addition was taught in Toronto schools. By this method pupils can be taught to add five columns of twelve figures each in sixty seconds. Were this plan followed out much time would be saved by teacher and pupil. Mr. Sharp's plan of teaching junior geography is quite novel and would certainly excite much interest in the pupils. He follows out the principle of teaching from the known to the unknown, taking up the geography of the school ground and school section and leading up to what is unknown. Mr. Hagarty, principal of Mount Forest High School, taught a lesson on Poetical Literature to a fifth class. This lesson was greatly appreciated by the teachers who felt highly privileged in having Mr. Hagarty present at the convention. The class deserves great credit for the thoughtful answers given. Mr. Edwards taught a literature lesson to a third class. His lesson was spiced with a good deal of humor and the interest of the class was well sustained. On Friday morning Mr. Levan, Principal of the Owen Sound Collegiate Institute, presented to the teachers his plan of teaching Prose Literature. The teachers must all have profited much from Mr. Levan's lesson. This was Mr. Levan's first meeting with the teachers of South Grey and we hope to be favored with his presence at future conventions. On Thursday night a choice program was rendered in the Town Hall, consisting of selections from the Band, a recitation by Miss Hunter, several comical selections by Mr. Brown, and a quartette by Durham Quartette Club. Rev. C. A. Dewdney gave a very fine address on Moral Education in the School. Mr. Campbell, Inspector, occupied the chair. There was such a large turnout that many could not be seated.

Priceville.

From our own Correspondent.

Several of our citizens are making extensive repairs on their dwellings and improving their grounds by erecting new fences.

Mr. Jas. McDonald has the contract for papering the walls, painting and graining the seats and other wood work in the Methodist church.

There are quite a number of frame barns building in this vicinity. Mr. A. Hinks, on the South Line, Mr. D. Stewart, on the North and McKechnie Bros., on the Gravel Road, have already raised, and there are several more to follow.

It is with regret that we chronicle the death of Colin, eldest son of Mr. D. McMillen. Deceased was a kind, intelligent and industrious lad. His parents feel the loss intensely.

Miss McCannel, one of the teachers in the public school, was taken down with measles last week.

Mr. D. Simpson has gone back to the Nor. West, with a couple of car loads of horses, cows, implements and other goods.

Some of the "boys" would be pleased to have Oben state whether it was the manufacturing, or the selling "hen" that Mrs. — insulted by returning the "small egg."

An insect called the saw fly is reported to be ruining the wheat in various parts of Central Illinois.

ADVICE TO MOTHER.—Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of Cutting Teeth. If so send at once and get a bottle of "Mrs. Winslow's Soothing Syrup" for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers; there is no mistake about it. It cures Dysentery and Diarrhea, regulates the Stomach and Bowels, cures Wind Colic, softens the Gums, reduces Inflammation, and gives tone and energy to the whole system. "Mrs. Winslow's Soothing Syrup" for children teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Syrup," and take no other kind.

One hundred and thirty Scotch girls have reached Brockville from the Edinburgh Orphans' Home.

The U. S. Supreme Court has denied the application for a writ of error in the case of Kemmler, the wife murderer, under sentence of death by electricity.

CATARRH AND COLD IN HEAD HOW CURED
NASAL BALM
 A certain and speedy cure for Cold in the Head and Catarrh in all its stages.
SOOTHING, CLEANSING, HEALING.
 Instant Relief, Permanent Cure, Failure Impossible.

Many so-called diseases are simply symptoms of Catarrh, such as headache, partial deafness, loss of sense of smell, foul breath, hawking and spitting, nausea, general feeling of debility, etc. If you are troubled with any of these or kindred symptoms, you have Catarrh, and should lose no time in procuring a bottle of **NASAL BALM**. Be warned in time, neglected cold in head results in Catarrh, followed by consumption and death. **NASAL BALM** is sold by all druggists, or will be sent, post paid, on receipt of 50c (50 cents and \$1.00) by addressing **FULFORD & CO., BROCKVILLE, ONT.**
 Beware of imitations similar in name.
