The new buildings are rapidly getting into shape.

Mr. Wm. Barnett experienced a sad loss on Wednesday morning last. One of his mares was expected to foal very soon, and on Wednesday morning when Mr. Barnett entered the stable he found the horse dead. Mr. Barnett has the sympathy of this community as the beast was a very valuable one.

Mr. Thomas Duncan, formerly of Flesherton, is opening an establishment here. He has rented the old creamery, and intends moving it forward to the street to be used as his shop. A beautiful cedar log foundation has been erected for the reception of the building by some person who, it is plain to be seen, is yet bound to make his mark in the world as a first class architect.

A Terrible Death. Mr. H. W. Phillips has owned and run a sawmill on the 12th concession of Artemesia, for some time. On Tuesday morning last Mr. Phillips, who had been laid up for a week past from the effects of a kick from a horse, thought himself sufficiently recovered to take the place of a workman who was ill, and went to work. Ere three hours had passed away Mr. Phillips was dead. It appears that he and his two sons were running the mill at this time, and in taking elm edgings away from the saw the young men accidentally let some of the strips come in contact with the saw, which ripped them and threw pieces in all directions. One of these flying strips struck Mr. Phillips endwise in the breast in the region of the heart, penetrating nearly through the body. While Mr. Phillips was being conveyed to his residence one of the young men came to Flesherton for a physician, but before he returned with Dr. Carter the injured man had breathed his last, never having regained consciousness after the fatal blow was struck. Mr. Phillips leaves a wife and six children to mourn his untimely end. The family have much sympathy in their terrible bereavement.

Court of Revision. Artemesia Township Council met as a court of Revision on Saturday, 31st ult., the Reeve in the chair. Declarations by the members were signed. The only appeal was that received from A. McChbe, of Flesherton station. Assessment at Flesherton station reduced \$300, and at Priceville \$30. After several minor

changes of no particular importance the following motion was passed:

Moved by Messrs. McArthur and Boland, that the assessment roll as finally revised and collected be the standing of assessment for the municipal purposes for the year 1890. Carried.

After the court of Revision Council met to transact general business. Minutes of last meeting read and confirmed. An account was received from W. H. Thurston for printing of \$6.86. Ordered to be paid. Application was received from trustees of school section No. 4 asking council to issue debentures on section for \$1000 for the purpose of building a school house. Petition for change of water course from John Weber was received. Petition from Wm. Buchanan and others was received asking for appointment of inspector to enforce the act to prevent the spread of noxious weeds, etc.

Bylaw No. 461 for the purpose of raising \$1000 for school section No. 4 was introduced, and passed its third reading.

Moved by Messrs. Boland and Thompson, that John McArthur be appointed to inquire into the matter regarding Mr. Weber's petition. Carried.

Moved by Messrs. Boland and Thompson, that 200 copies of the Act to prevent the spread of noxious weeds and diseases affecting fruit trees be printed and distributed among the ratepayers. Carried.

Moved by Messrs. McArthur and Boland, that Wm. McLoughrey be paid the sum of eighty dollars for assessing said township, and five dollars for postage, etc. Carried.

Council adjourned.

Kimberley.

From our own Correspondent.

The late rains have advanced the vegetation greatly and the Valley is now clothed in its richest robe of green. Crops are green and the fruit trees give promise of an almost superfluous yield.

It is reported that the Farmers' Institute intend holding their annual picnic on the 26th of this month in Kimberley and we commend them for choosing such a suitable place.

Mr. W. O. Robinson and family, of Parker, Dakota, were guests at the Travellers' Home. They intend leaving for New York State on Wednesday, where they will spend a few days visiting relatives before returning to their prairie home.

Mr. Albert Ellis left for New Hampshire on Monday.

The foot ball team played an amusing match with the Griersville team on Saturday evening. The Griersville kickers felt so jubilant over it that they laid on their backs and waded their feet in the air, some went so far as to stand on their heads. They succeeded in forcing a goal, but complained of rough usage.

WHY HE DIDN'T STAY OUT WEST.

A young man who went "West" filled with enthusiasm and a desire to "grow up with the country," surprised his friends by returning home after an absence of several weeks. He said that while he was out land-hunting in what he thought was the garden-spot of America, he came across a boarded-up claim shanty. On the boards nailed across the door he found this inscription, which accounted for his unexpected return: "Fore miles from a nayber. Sixteen miles from a postoffice. Twenty-five miles from a rale-road. A hundred and atey from timber. Two hundred and fifty feet from water. There's no place like home. We've gone East to spend the winter with my wife's folks."

The gentle bee is humming, and the summer girl is coming, while the sparkling cars the street is going through, and a host of city people, while in summer we shall keep "Il soon be coming up to spend a month or two; the hammock will be swaying in the breezes 'neath the tresses, while the farmer will go haying in the meadow if he pleases,

and this rhyme would be completer, if less rocky were the metre. That's all.—Berkshire News.
