Mr. Jos. Blackburne's numerous friends were made glad at his appearance on the streets on Tuesday for the first time since his illness began last winter. He is as yet far from being fully recovered, but we trust that he will rapidly gain in strength now that he has taken to the open air.

Our fall stock of watches is now complete. There never were such bargains offered as we are giving now.

The forests now are dressing in their vari-colored coats, the atmosphere is getting cool, and frost around us floats. A harvest bountiful has given every one a chance to spend a floating dollar by buying The Advance. One dollar from now until the end of '91. We give a complete set of Dicken's works and paper as above for $1.75. No such offer has ever been made you before, and never will be again, in all probability. We are losing money by it, but are willing to lose a little for the sake of proving to you that The Advance is worthy of your support. Don't put off subscribing until the offer is withdrawn.

The Beacon, published at Lansing, Mich., tells of Rev. D. A. Holman's success in the following terms: "The Whiting Plymouth Congregational church is erecting a new house of worship—the first church of any denomination in the town, which has a floating population of about 2,500. The new church is 28x50 feet in size and is located in a beautiful grove. It is expected the church will be ready for occupancy about Oct. 15. Rev. D. A. Holman conducted the first English service in the town and organized the first Sunday school about April 1, 1890. He is pastor of the new church which is making rapid progress in the midst of many saloons and other hindrances."

A New Industry.

A car load of fall and winter apples left Flesherton station on Tuesday for the outside markets. The shipment of 1200 barrels was made by Mr. T. Kells, and will leave somewhere in the neighborhood of $2000 with farmers in this section. Heretofore the apple industry has not been a paying one in Grey, but no doubt now that an outside market has been secured it will receive an impetus that will place it among the important industries of our county. Mr. Kells as the initial shipper deserves commendation.

If your watch or clock needs repairing take it to A. Bros. and they will put it in perfect running order.

Church News.

A week from Sunday next Rev. Mr. Tonge will preach a sermon specially to young men, the subject of which will be: "Signal lights from Bible history.

The Presbyterian congregation of Lake Megantic, Que., held a congregational meeting lately and unanimously decided to call the Rev. John McNeil, of Osprey. Mr. McNeil was there as a missionary one summer during his college course.

Sunday last an election of elders for the Presbyterian church resulted in the appointment of Mr. Damude, Mr. Bannon and Mr. S. Thompson.

Show Notes.

Durham took in $300 of gate receipts at their fall fair, Flesherton about $200.

D. Clayton took second prize at the East Grey fall show for carriage horses, and first at the Osprey show.

Of interest to young men: Miss Annie Stewart took first prize for home-made bread at Flesherton fair.

Mrs. Bulmer, of Flesherton, downed all comers with her splendid cabbage—three varieties. She showed a magnificent collection of photographs this year which was the admiration of all eyes. We would like to note here that Mrs. Bulmer as an artist cannot be outdone outside the city of Toronto, and her work is even superior to much that is done there.

Mr. Robt. Patton, of Proton, showed a magnificent specimen of brood mare, which deservedly took first prize. The animal was purchased by Mr. Patton in the county of Waterloo.

Personal.

Miss Leitch has returned from her visit to Owen Sound.

Mr. Fred Thurston, dental student of Stayner, was a guest of The Advance on Sunday.

J. W. Armstrong, Esq., returned home on Monday from the Methodist General Conference, held at Montreal.

Miss Lou Armstrong returned home from Collegiate Institute on Saturday, having been obliged to abandon study for a few weeks owing to illness.

Mr. H. M. Bowerman, of Eugenia, who has been spending the summer at Superior City, returned home on Monday.

Old Folks' Concert.

The most successful concert ever held in Flesherton (barring the Queen Esther production some years ago) was that held in the Town Hall on Wednesday evening last. It was something new, it was for church purposes, and the people responded right nobly, the sum of $66.50 being taken at the door. Mr. M. Richardson occupied the chair, and introduced those "old people?" who took part therein. The performers were dressed in antique fashion, befrilled, bepowdered, periwigged, etc., and created considerable amusement at the figures they presented. The concert opened by a chorus of thirteen singers. Miss Slack, as Samantha Steadytalker, gave a reading which was well received. Angelina Jerusha Hopkins (Miss Christoe) sang Annie Laurie in her usual excellant manner. The Widow Bedott (Mrs. W. Irwin) gave a recitation which brought down the house. Mrs. Irwin has talent of a high order. Other performers, which we have not space to particularize, were: Consolation Broadcast (Miss Damude), Nichodemus Standstraight (Mr. Ed. Richardson), Zachariah Scrapealittle (Mr. Evans), Sophorone Stirabout (Miss Annie Richardson), Old Aunt Betsy (Miss Vandusen), Hepzediah Soundmount and Captain Gilman. In the musical part Mr. Barnhouse, Mrs. Blackburne, Miss Christoe, Miss Damude, Miss Vandusen, Mr. Evans and Mr. Ed. Richardson were all up to their usual merit, and all the performances were thoroughly enjoyed by the large audience. We congratulate the "old people" upon the success of their concert, and hope to hear them all again before they become too decrepit to appear before an audience.

Kimberley.

From our own Correspondent.

Mr. F. Thurston, of Stayner, paid his parents a flying visit here last week.

Mrs. and Miss Burritt, of Goderich, who have been visiting friends in this vicinity for some time past, returned home on Monday last.

Quite a number from this vicinity attended the industrial exhibition at Toronto this year and expressed themselves well satisfied with what they saw.

Mr John Ferris, of Franks Bay, Nippissing, was here on a visit for a few days. He returned last week.

The brick work of Mr. Hammond's house is now completed and it presents a very beautiful appearance. We hope more of our citizens will take a pattern.

Mrs. Plewis, of this place, has been visiting friends in Oshawa.

Mr. William Stewart, J. P., intends spending a few weeks in Muskoka shortly.

Mr. Wm. Ellis and Miss E. J. Stewart were united in holy bonds of matrimony on the 17th inst. Mr. Alex Carruthers was groomsman and Miss Garret bridesmaid. Your correspondent wishes them every success in their new sphere of life.

Eugenia

From our own Correspondent.

Farmers in this vicinity are busily engaged in threshing operations. The yield of grain this year is in most cases considerably in advance of other years.

Mr. T. Crowe has returned home after having completed the contract which he was employed to complete. Mr. Crowe is as hale as ever.

Councillor Thompson has caused a number of improvements to be made on the roads in this part of the ward, and we believe he makes his contracts be completed according to the agreement, for which he deserves the praises of all.

Mr. Will and Miss Gertie Watts have gone to Walkerton to pursue their studies at the high school in that town.

OLIVIA.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria

Flesherton Station.

By our own Reporter.

We regret to announce the illness of our friend Mr. W. H. Reid, who, on his return from the exhibition, was taken with a severe attack of pleurisy and inflamation on the lungs, but at the present writing is in a fair way to soon recover his accustomed good health and jovial spirits under the careful treatment of Dr. Hutton, Priceville.

Mrs. A. McInnes, who has been spending a few days in the city, returned this evening.

Mrs. Wilson and family left last week for Cleveland, Ohio, to rejoin her husband where he is employed as a boiler maker.

Mr. Schienholtz and wife arrived from Proton Station on Monday, and are looking after Mr. Reid's health.

Mrs. McPhatter and family leave for Owen Sound in a few days, where they intend in the future to reside.

We have a new blacksmith in town now. Wonder what Mr. Hemphill would give him in the way of a bonus to leave again.

Two mixed car loads of stock were shipped this week to Toronto cattle market by Messrs. Cook & Pickell, Flesherton, and Mr. Stewart, Kimberley.

Quite a number of shipments were made last week in cedar poles and piles to the States. Shippers apparently wish to rush forward as many shipments as possible before Uncle Sam's McK. Bill takes effect.

There is one thing we especially feel the need of here, and that is a first class bakery waggon that customers could look for regularly, say twice a week at least. Any baker supplying first class bread should be able to work up a good trade and get enough customers here to make it worth their while to deliver here. At present we are subject to great inconvenience in this respect. The staff of life at present supplied here at the station is often so stale an article that it would make a far better foot ball, and would last a remarkable length of time in that capacity.

Inistioge.

From our own Correspondent.

The harvest is past, the autumn is here
And the leaves on the trees are beginning to sere;
The hum of the thresher resounds through the air
While the farmer's resources are reckoned with care.

The majority of those who intended to visit the Toronto exhibition were detained on account of the busy time at that season.

Miss Mary Jordan, Mrs. T. Talbot and R. Moore, who have been ill are again convalescent.

The new school house which is in course of erection is nearing completion and presents a very nice appearance.

Miss Crawford, of Orangeville, who has been visiting friends in this vicinity, has returned home.
