The Moffat Bros., of Markdale, are contemplating a removal to Meaford. The Meaford town council decided at a late meeting to submit a by-law for \$10,000, by way of bonus for the firm, but Mr. Barber, of the Meaford foundry, is decidedly opposed to the scheme and thinks he has law on his side and will therefore fight the question.

The New Indian Tea. "RAM LAL," is causing a sensation. "Never tasted anything so fine" is a general verdict. M. Richardson & Co., agents for Co'y.

Two young carpenters, of Hopeville, visited Proton station a few days ago. On the way home the horse had things pretty much his own way for some distance, or until he had succeeded in demoralizing the buggy. It was pretty late at night when they arrived home, but some one noticed that one carried on his back the remnants of the buggy while the other led the horse.—Com.

"No Nuts, No Winter" the Indians say. Nuts are not very plentiful, yet the people are buying overcoats freely. Maybe the styles and low prices of Richardson & Co's, stock has something to do with it.

Our Osprey correspondent sent in an item last week, referring to Mr. Geo. Parks' return from the United States, which was not couched in proper language. Even if Mr. Parks had been hiding from justice, (which he was not) it was scarcely policy to say so in public. Please do not do it again, Mr. Cor. Our correspondents cannot be too careful in writing such personal items. The newspaper is no place to work an injury on any man, even if the evidence of his guilt seems plain, and in many instances the injury is done where there is no guilt. We try to prevent it, but, sometimes an item will slip past without due consideration, for which we are sorry. Correspondents should exercise great judgment in dealing with anything of a personal nature.

Notwithstanding all the reports about the advance in price of boots and leather, all comers can be supplied at old prices at Clayton's.

The Fall millinery trade opened very brisk and has kept our milliners very busy. Miss Maud Richardson and assistant have done a splendid trade and announce large additions to stock, this week.

Rev. T. Watson preached his last sermon in the capacity of pastor of the Flesherton Baptist church on Sunday last. The pulpit is now vacant but the services will be sustained by ministers and student supplies until another settlement is effected. The church has adopted the new Canadian Baptist Hymnal and is well pleased with it. Last Sabbath morning the retiring pastor presented each member of his Bible class with a copy of the new Hymnal. On Thursday evening, in spite of the very unfavorable weather, a goodly number of friends assembled at the manse, provided an excellent tea, spent a time in pleasant conversation and then rendered an interesting programme, the leading item of which was the presentation to the retiring pastor by Mrs. McGillivrey in behalf of the church and congregation of a handsome purse containing \$43. In replying to this last tangible expression of appreciation, the pastor said that since his settlement there had been a steady growth in the grace of giving; that he had never to ask any one for money for personal or family use; that he had been able to adhere strictly to the apostolic injunction "owe no man anything," and that he had been so supported as to be able to give over \$350 to the various objects of christian and church enterprise.

Thanksgiving Service.

On Thursday, Nov. 6, there will be thanksgiving service in the Methodist church, Flesherton. The aged and well known colored bishop Hawkins, of the B. M. E. church, better known here as Elder Hawkins, will preach the thanksgiving sermon. Elder Hawkins has been through these parts on several occasions with a colored troupe of singers, and is well known by all. Who is there that has listened to his eloquent words in the past that will not desire to come out and hear him once more on Thanksgiving day! The old gentleman is an inspiration in himself and will no doubt be greeted by an overflowing house. Tea will be served in the evening, after which speeches will be given by Bishop Hawkins, Rev. John Pepper, of Holland Centre, Rev. H. A. Brown, of Maxwell, and others. See bills.

Owen Sound's New Daily.

A copy of the first issue of Owen Sound's pioneer daily paper has come to hand. It is an interesting daily, if boiler plate can make it interesting. In our judgment, however, it only comes to partially fill a "long felt want." It is published at 3 p.m., after the Toronto dailies have been received, and only contains such matter as appears in those papers, with the exception of local news. Of course if it is merely intended to circulate in the vicinity of Owen Sound the bill is filled; but to be a successful daily we fear its contracted field of support will not meet the case. Our idea would be to secure late despatches say up to 1 p.m. and push the paper down this line of railway and in other directions. Such a scheme would take "like hot cakes" and the Evening Times would then be looked upon as a boon and secure a large patronage. People are looking for such a paper and will welcome it when it comes. This is professional advice, but we will not charge anything therefor. We wish the Evening Times success.

Dr. Sinclair Coming.

Dr. Sinclair, the well known and popular specialist, of Toronto, will be at Munshaw hotel, Flesherton, on Friday, Nov. 14th. Remember the day and date. Jonathan Buehart, Listowell, says:—I spent all my money and property on medical men for what they termed consumption and Dr. Sinclair cured me. Geo. Rowed, Blythe, says:—Dr. Sinclair cured me of heart disease and dropsy when all others failed. D. Robertson, Carlton Place, says:—Dr. Sinclair cured me of catarrh. Mrs. Mary Woodhaven, says:—Dr. Sinclair cured her of fits. Dr. Sinclair cures all protracted cases of private nature. Consultation free.

Rylands & Co.

Mr. Sugden, a member of the great dry goods firm of Rylands & Co., England, was here last week. In a short interview with him we learned a few facts illustrating the enormous bulk and extent of their trade. Their annual turn over amounts to five hundred millions of dollars. Their shipments are made to every quarter of the globe, and wherever British commerce touches, wherever people use dry goods there Rylands & Co.'s goods may be found. They employ in England over fourteen thousand people in their warehouses and manufactories and do more business than any two of the other large dry goods firms in Britain. Their warehouses are in London and Manchester, in the latter place they occupy entirely four enormous blocks of buildings, three of which are connected in the upper stories by bridges over the streets dividing them. These have some twenty entrances, and at each a doorkeeper is placed, who demands a permit of every one coming out carrying any parcel, however small. The object of Mr. Sugden's visit was to call on M. Richardson & Co. with a view to increasing their trade with the firm. M. Richardson called on them when in England two years ago and has been buying from them since. The firms they sell to in this county are McFarland, of Markdale, and M. Richardson & Co., their accounts being principally with the wholesale trade, and one or two of the largest dealers in each of the cities and in some of the towns of Ontario.

Proton Matters.

The Advance received a visit on Monday from Mr. Wm. McMurdo, of Hopeville. Mr. McMurdo was deputy reeve of Proton about twelve years ago. Mr. M. Says that municipal matters are quiet in Proton. The contest for the reeveship will be between Mr. Rogers, of Cedarville, and Mr. McMillan, and Mr. Rogers will be the lucky man. Mr. Wm. Stewart, 11th con., is talked of as a probable candidate for councillor.

A Fortune in One Machine.

A celebrated press-builder, of the United States, admits that one of the greatest printing presses yet produced, will be furnished to the Family Herald and Weekly Star, Montreal, a paper that has distanced mostly all the weekly papers on this continent. The Family Herald goes on the principle of thoroughness in every department, and that is why it is such a standard authority to-day the world over. Well done, Canada. The Family Herald and Weekly Star, Montreal, is to be congratulated.

An Heroic Captain.

The accompanying cut is an exact copy of the Albert Medal of the first class which H. R. H., the Duke of Connaught was pleased to recommend for Captain W. D. Andrews, R. H. S., J. C. V., during his recent visit to Toronto, May 29th 1890, Royal Oak Day. It consists of an oval shaped badge as decoration, enameled in dark blue, with the letters V. & A., the initials of Victoria and Albert in gold interlaced by an upright anchor, also in gold and surrounded by the famous ancient order of the Garter in bronze upon which are placed in raised letters of gold the grand motto "For Gallantry in Saving Life at Sea." This handsome medal carries with it a pension of ten pounds (£10) sterling, equal to about \$50. of our money, per annum. The gallant young Canadian who has just been honored by royalty, was born at Kingston, May 19th, 1853. He began his life saving career in 1869, and for more than 18 years has devoted his own life to the saving of others. In the spring of 1888 he had the misfortune to lose his sight, caused from exposure, since which time he has published a number of valuable works on swimming and life saving. We are in receipt of one of them—"The Lifeboat and Other Poems," containing a sketch of his life saving services with 50 illustrations, and many gems of poetry of his own composition. The Captain will be in Flesherton on Thursday or Friday to present his book to our citizens. We bespeak him a hearty reception.
