Dear Sir—The two pumps you put in for me are giving me splendid satisfaction (one of them 65 ft. deep, the other 23). I am well pleased with them. **JOHN FORTROUS,** Flesherton.

Mr. J. ARTELY, Dear Sir—In reply to your of the 12th inst. I would say that the pump you put in for me has proved very satisfactory, it being durable and very easy to work. Enclosed please find \$5 balance for pump. **JAMES JOHNSTON,** Flesherton.

SATISFACTION AT LAST—This is to certify that I have had great trouble and expense with my well (55 feet curb) in regard to pumps until I got Mr. J. Arthey to overhaul it; since then I have had entire satisfaction. My little boy, six years old, can pump with it nicely. **ARTHUR JOHNSTON, Vandeleur.**

June 16th, 1899. Dear Sir—Your favor to hand enquiring how we got along with the Wind Mill. I might say we had no difficulty in putting it together. It is working splendid. The pump does its work all right. I like the working of the Victor Wind Mill very much. It governs itself nicely in a high wind and I think it far more durable than a wooden mill. **N. DUKINBY, Meaford.**

To **JEFFREY ARTELY,** Markdale: Sir—The pump I purchased from you for \$27 does well gives complete satisfaction. It works with the greatest ease, for the quantity of water delivered of any pump I have ever tested. I believe it is constructed on a simple and durable principle and not liable to get out of order. I could not wish for a better pump, and can, with the utmost confidence, recommend it.

Wishing you every success I remain, yours &c. **J. W. SPROULE, Markdale.** June 23, 1899.

I want to whisper in your ear! There is going to be a wedding on the gravel, north east by south west of the Victoria factory.

The threshing is all over in this neighborhood. The whizzing of the old timed horsepower and the hard breathing and toiling of the steamer have done, and the dark-skinned, good-hearted threshers are gone. Some of the boys in the meantime did a little threshing among themselves by hand. Threshing is a dirty business, and we hope the lads will think more of themselves and leave such work to machinery.

Mr. Creighton, Friday, gave an entertainment in the red school house. It was very good. The general idea was that he had broken his rope and got away. The proceeds were five cents.

Mr. Robert Wright, we are glad to say, has been successful in getting an engagement as teacher in a school at Brougham, with a salary of four hundred dollars. He has many friends in section 4 that will wish him well.

An entertainment with an elaborate program is arranged for the opening of the new brick school in section 4. Mr. Campbell, inspector, and other strangers are expected to be present. Dec. 28 is the day fixed upon. Something special may be looked for.

We think a company should be formed to search for the road that used to lie on the town line between the second range and the gravel. Some think it has gone straight down, others think it has shifted north south by west east. We have, it is said, two rich councils. We know that we have a gravel hill not more than a mile from this road, and if there is a piece of road in Canada that would improve the country by being well made it is this piece.

Some of our villagers took advantage of the recent snow by having a sleigh ride; but the noise made by the sleighs coming in contact with the stones was so unpleasant that others took warning and still used the wheels.

On Saturday last we began to think Old winter he's a sturdy one,

We are glad to learn that Mr. Sproule, of Winnipeg, is still on the mend, and hope he may soon be restored to health again.

McIntyre.

From our own Correspondent.

The church going people here were greatly disappointed on Sunday at not having a minister. It appears the elders received word from the Presbytery that a supply would be sent and word was given out to that effect, consequently a large audience came out but no minister appeared.

A tea party in aid of the Sunday school will be held here on Friday Dec. 5th.

Mrs. McDonald is suffering with a very severe attack of inflammation of the bowels. Dr. McEwen is in attendance and we hope soon to hear of her recovery.

Mrs. Scott and Miss Scott have just returned from Maxwell, where they have been visiting during the past week.

Mr. D. Parliament and daughter, of Eldersley, are visiting at Mr. H. Fenwick's, of this place.

A quilting wave has struck this neighborhood hard. The average turn out is about six per week. We expect it will be a very cold winter.

Mr. John Williams, jr., lost a valuable horse last week.

Mr. J. H. Hogg has been in this village for the past week, and he leaves for Toronto this week.

Mr. and Miss Hanly, of Tara, are visiting friends in this place.
