Don't Forget The Place.

MCDONALD & EVANS.

Kimberley.

From our own Correspondent.

Mr. Joseph McConnell has been very ill for the past week with inflammation of the lungs. We are glad to learn that he is improving.

Mr. A. Ellis, who has been absent from the place for some time, is in our midst again.

We are glad to see our friend Will Stewart around again.

Squire Stewart has been laid up with sciatica in his legs for some time. He was not able to attend council at its last session.

"GONE BUT NOT FORGOTTEN."

Mrs. Thos. Lewis of this place, who has been sick for some months, passed quietly away to the eternal world on Friday, the fifth inst. Mrs. Lewis was about thirty-five years old and was married about eleven years ago. During her sickness she always seemed cheerful and did not seem inclined to complain. She said she was resigned to God's will. During the last few weeks of her life she said everything was bright, and although she loved her husband and children dearly she said she had no desire to get better. She leaves a husband and four children to mourn her loss. The funeral took place from her late residence to Flesherton cemetery on Sunday last, followed by a large concourse of friends. Her husband and children have our deepest sympathy in their very sad bereavement.

Asleep in Jesus, blessed sleep
From which none ever wakes to weep;
Where free from sorrow, pain and grief
May rest in peace and joy with thee.

Asleep in Jesus, blessed rest,
To lean upon the Savior's breast
And hear Him say the grand "well done,"
For now my earthly race is run.

And when the last great trump shall sound,
And we around His bar be found
To hear Him say: "Thou blessed, come
And dwell forever safe at home."

McIntyre.

From our own Correspondent.

A very successful social came off in the McIntyre church on Friday evening last. The social was held in connection with the Sunday school and for the purpose of getting a library. An excellent tea was provided of which every one partook heartily. After it had been thoroughly discussed the meeting was called to order and Dr. Scott, of Maxwell, appointed chairman. A lengthy program was provided, consisting of readings, recitations, dialogues and speeches by Rev. Brown, of Maxwell, and Rev. Trollope, of Singhampton, Dr. McEwen and McQuarrie. The entertainment as well as the tea was a decided success, both literary, socially and financially, the admission being 15 cts. Receipts \$20. Every one seemed to be well pleased with the event with the exception of one of the speakers who left the platform rather hastily, but then you know it is a hard matter to please everybody.

Mr. George Grey, of Maxwell, has moved into the house lately vacated by Mr. McLean. Mr. Grey still intends working at the tailoring.

Miss Kate McDonald has returned from Toronto to attend her mother, who has been ill for some time, but is slowly recovering.

Mr. Potts is still confined to the house with a lame back.

Mr. Jas. Potts has taken the contract of building a barn for Mr. Henry Sprott on the gravel road. Jim has already a lot of work on hand for another season.

Mr. Thomas Beatty has gone to Owen Sound to serve as a jurymen.

Mr. Donald McLean has moved into his new house. We hope he may live long to enjoy it and soon get a mate.

COUNTY AND DISTRICT.

At the adjourned inquest into the cause of the death of the child whose body was found in a closed cistern in Mount Forest last week, the jury brought in a verdict that Wm. Coultas, father of the child, had murdered it by drowning. He has been sent to jail to await his trial.

Mrs. Wm. Cunningham, of the Prince of Wales Road, Mulmur, retired in excellent health and spirits on Wednesday night last, her husband following her some time later. About two o'clock [the

following morning Mr. Cunningham was suddenly awakened by sharp blows on his breast, and was shocked to find his wife in a violent convulsion, totally unconscious and her arms flying around in wild convulsive movements. Dr. Rolstin being hastily summoned was soon at her bedside. He at once realized the very grave nature of the case. Hope seemed out of the question, as the convulsions continued and the patient remained totally unconscious and unable to swallow from the very first. The doctor suggested consultation, and Dr. Reid, of Horning's Mills, was called, but their united efforts were powerless to afford relief, and she passed away Thursday evening about six o'clock, never realizing what has happened to her. The doctors gave it as their opinion that the symptoms were due to a blood vessel suddenly bursting on her brain.—[Shelburne Economist.
