Priceville.

From our own Correspondent.

We have had lovely weather for garden and field work, with the exception of the cold wave last week. Several farmers finished seeding early last week. McArthur Bros. to the east of the village, had about 125 acres sown last Saturday.

Mr. J. Johnston has distributed a large number of fruit trees in this vicinity, shipped by E. O. Graham of Rochester.

A new fence is being erected around the Methodist Church and Parsonage grounds.

The Rev. D. McLeod has been ill for some days. Rev. Chas. Cameron of Durham filled his place in the pulpit last Sabbath.

Wm. Marshall has quit budding piles of plank in McGowan's yard. He is now budding bars with Mr. H. McDonald. That "sore hand" served the purpose well.

Miss Ada Ostrander, of Riverside, has been residing at Mr. John McGowan's for some time. S'pose Geo. will be hitching the colt to the buggy next Sunday.

Mr. Jos. Aussum has been suffering for some days with quinsy.

Mr. Malcolm McDougall's barn was burned on the 5th, during the high wind, by a spark from the house chimney. Some hay and fowls were burned.

A son and heir was born to Mr. J. McGowan since we wrote last. John was so delighted that he closed down the mills and gave his numerous men a holiday.

Physicians Meet

with no more common or dangerous malady than Catarrh. It begins with a cold in the head, often resists all forms of treatment, and runs from simple irritation of the mucous membrane to chronic inflammation and destructive ulceration. Before Clark's Catarrh Cure was known the doctors adopted a long course of constitutional treatment with their patients, but now they recommend them to the druggist and get a package of Clark's Catarrh Cure. When the druggist cannot supply, the remedy will be sent by mail on receipt of 50 cents. Clark Chemical Co., Toronto, New York.

How many really graceful people do you know? Are you graceful yourself? Do you know the proper and most graceful way to go up and down stairs, to walk, to stand, to sit, to bow, etc.? If not, be wise, and immediately read the article on "Health, Grace, Beauty: Delsarte Philosophy made Practical" published (with 35 illustrations) in the June number of that thoroughly wide awake periodical, Demorest's Family Magazine; and you will want to begin practicing the exercises almost before you finish the reading. And that is not all you will learn from this especially bright number: all (ladies included) may learn "How to Harness and Upharness a Horse." Even children can learn from "Foes Afield" how to know poisonous plants when they see them; "Signs of Character in the Face" (very fully illustrated) will teach you how to read your friends' characters by their noses; and "China Painting for Beginners" will give you all the points necessary to do artistic work and without a master.

But it would be necessary to give the whole "Contents" in order to tell all the interesting things contained in the June number, and every number is quite up to the present high standard; and this valuable Family Magazine is published for only \$2 a year, by W. Jennings Demorest, 15 East 14th St., New York.

The census enumerators of Kingston place the population at 19,800.
