### Kimberley.

*From our own Correspondent.*

We are suffering in this vicinity for want of rain. Although the recent showers did a great deal of good, yet the land is as dry as we ever saw it in August. The fall wheat looks very well, however, but the meadows and spring crops are very backward.

Fishing seems to be the order of the day. For the past couple of weeks some one is here from Thornbury or Meaford almost every day. We like to see those ladies and gentlemen in our midst, but would like them to leave a few fish.

Mr. Joseph McConnell, who has been very poorly for a few weeks past, is, we are glad to learn, some better.

Mr. Jas. Magee, sr., is confined to his bed this week. We hope he will be around soon again.

Rev. Mr. McLeash preached in the hall here on Tuesday and Wednesday night of last week to a very fair congregation. We, with others, were favorably impressed with the manner in which he expounded the Scripture.

Squire Stewart goes to county council on Monday next. He will be absent from the Farmers' Institute picnic, for which we are sorry. We expect to have a good time. Come one and all, and see if we don't.

Entrance examinations will be held here the first week in July next. Mr. Thomas Wallace will be the examiner.

We think the third line correspondent to the Thornbury Standard was rather personal in some of his correspondence lately. In our opinion ladies' names should not be used unless there is good reason, and in this case we don't think they were acting so unladylike that their names should appear in the manner in which they did. We are not generally given to grumbling, but in justice to our girls we mention this.

Rev. Dr. Stone, of Meaford, was in our village last week, also Mr. H. Cleland.

### Maxwell.

*From our own Correspondent.*

On last Friday the village was entered by a company composed of men, women, horses and dogs. On closer examination it was found to be those who proposed to be going to act the play, "Uncle Tom's Cabin." About 4.30 in the evening they gave a little band music, and later on in the evening the play commenced. It was not what it was supposed to be ; therefore some returned home downcast and the actors made their disappearance shortly after.

The Orange Society had their building moved nearer to the road, and the shed at the Methodist Church has been moved also.

Owing to the absence of Rev. Hughes, some of the members of the congregation conducted a short service on last Sunday.

The Rev. Brown is, we are all glad to know going to be with us another year, and in his absence last Sunday Mr. J. L. Wood took the work on the Osprey circuit, namely Bethel in the morning, Wareham in the afternoon and Maxwell in the evening.

David Hill aged 11 years, son of Mr. James Hill of the 3rd line, was buried in the Presbyterian burying ground here on Monday.

Miss Bowes is a guest at Mr. Alex. Hudsons.

Mr. Hull, from Markdale, was at his grandfathers, Mr. Thomas Gamery's, for a few days.

We believe Mr. C. M. Field is about to purchase the house, lot and stable on Main street and commence business in earnest. C. M. is a good workman and it has been rumored he is not going to work alone very long.

At the last meeting of the Osprey Council, the side-walk question was brought up. It was agreed upon to go ahead with it as far as funds would permit, and to put the statute labor thereon also.

### Inistoge.

*From our own Correspondent.*

Mr. Geo. A. Hutchinson returned

from Owen Sound, where he was in attendance as a jurymen.

The work on Mr. Geo. Ludlow's new house is progressing.

The home of Mr. Sandy Acheson has been brightened by the presence of a new boy.

Mr. Wm. Hames has had a severe turn of lagrippe, but is able to be around again.

The recent rain that we had in this vicinity was very timely. The outlook for a good harvest is most promising. The orchards, meadows, and grain crops are making a first class showing. The continged drouth did not have the damaging effect here as in other localities, owing to the nature of the soil.

Commissioner Sharp has been making some much needed repairs on the roads in this vicinity lately.

Now is the time of the year for picnic parties. Two of them are bristling up here, viz. the temperance and the Sundry school.

Cattle and sheep are commanding good prices here this season. Everything considered, the prospect for the farmers is brighter than usual.

Mrs. Jabas Waikley, of Bolton, paid her daughter, Mrs. Geo. Hutchinson, a visit last week. She returned home on Saturday.

Mr. Wm. Hutchinson, sr., returned from Toronto on Wednesday.

Mr. Theron Hallock is peddling goods in this vicinity, and is doing a big business.

### Eugenia

*From our own Correspondent.*

Miss Lizzie Roy is home from Toronto. Her numerous friends are all glad to have her amongst them again.

Mr. Will Donaldson, of Toronto, was visiting at Mr. Campbell's and Mr. John Williams' last week. He enjoyed the fishing very much.

Mr. Noble Hoath, who now resides at Epping, was here on a visit to see his friends. He looks well. He says "The Advance is just like a home letter to him every week. He thinks every one of our boys that are away from home ought to subscribe for it."

Mrs. Braniff has been very sick with congestion of the lungs and hemorrhage, but under the skillful treatment of Dr. Scott she is now a good deal better.

Miss Kate Madden, of Osprey, is now on a visit to her aunt, Mrs. Braniff, of this place.

I think people ought to fix their gates. Some of our boys are kept a part of every night trying to keep them in their place.

### Wodehouse Items.

*From our own Correspondent.*

Crops are comparatively good in this section of country. The hay crop will be very small on account of the drouth. Old hay will, no doubt, come into market at a good price.

The shingle mill is again running, and the proprietors can supply the public demand on short notice.

The annual Sunday school picnic will be held at Zion church in New England, on Tuesday, 23rd inst. The pastor, Mr. Fydel, and other Rev. gentlemen will be in attendance. A good time is expected.

We are glad to note that Mr. Jesse Dowling, who has been kept at home for about three years by a rheumatic illness, is now able to be out again.

Mr. William Best, of Sydenham, was the guest of his son, W. Best, in this village, on Sunday last.

Mrs. Watt Richardson spent the day, last Monday, in this vicinity visiting friends. On Monday eve last, about 10.30 p.m. a few youths passed through our village. The hilarity and song with which they gave us a serenade evidenced success at Markdale at the foot ball match that day. We learned later, however, that the match was a draw, neither side making a goal. Very good for Kimberley.

Miss Allie Morwood, who has been away from home for two terms giving music lessons, is home again.

### CONSUMPTION CURED.

An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma and all throat and Lung Affections, also a positive and radical cure for Nervous Debility and all Nervous complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellows. Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to all who desire it, this recipe, in German, French or English, with full directions for preparing and using. Sent by mail by addressing with stamp, naming this paper, W. A. NOYES, 530 Powers Block, Rochester, N. Y.
