## Knocked Out!

Is but a figurative expression to indicate the condition of the merchant who buys on credit in this progressive age of business. The credit buyer compared with the cash buyer is like a lamp rag compared with a sturdy oak. The man who pays cash is able to knock out the poor fellow who has to have credit.

## Going thro' the World,

Especially that portion of it which immediately surrounds Flesherton, you will find no more intrepid explorers after low prices on merchandise than The Cash Store. They are bound that their store shall be headquarters for all the low price hunters in the county, and to still keep up that reputation we have received and opened out this week some low-priced peralizers which we will be glad to show you, bought for spot cash, which no merchant dare sell lower.

## Mind Your Own Business.

The advice may sound impertinent, but it is sound advice anyway. The most successful business men have always done so. It is the mischievous meddler in other folk's business who makes a mess of it. By minding our own business we have been able to attend to it with pleasure and profit. We have mastered all its secrets, followed up all its avenues, and reached the fountain of success, and we are minding our own business when we advise you to give us a call. We will be at home all day, waiting and longing to see you, and to have the opportunity of showing you what you never saw before nor since.

Don't forget McDonald & Evans, and the low priced Goods always on hand.

### Inistige.

*From our own Correspondent.*  
A shipment of 325 boxes of cheese was made recently from the Victoria cheese factory. The price received was 8½ cents per lb., and the amount of cash distributed amongst the patrons was \$1,875. The Victoria cheese is a first class article and commands the highest price in the market.

Mr. Brown has completed his work on the church shed here. Inistige church has now first class accommodation for teams.

An Epworth League of Christian Endeavor society was organized in connection with the church here recently with the following officers. President, John F. Hutchinson; Vice President, Miss C. E. Acheson; Secretary, Miss E. Armstrong; Corresponding Secretary, Miss Kate Acheson; Treasurer, Geo. Hutchinson.

Miss Lucy Harper and Mrs. Hewitt, of Toronto, are the guests of Mr. Wm. Hames.

The Ladies' Aid society are heard from again. They are going to hold a garden party at the residence of Jas. Best, Esq., on Wednesday evening. You can read this and come along and you will be in time to spend an enjoyable evening with us. Proceeds to be applied to the church shed debt.

Miss Jennie Nichols is gone to Orillia to see her grandmother who is seriously sick, and not expected to recover.

Mr. James Russell is so far recovered from his injuries as to be able to leave the bed. The recent come down in the price of cattle has caused cattle jobbers to "go easy McDuff."

The oat and potato crops are very promising in this vicinity.

We missed The Advance last week, Mr. Editor, with its spice abundant and reliable budget of news.

John Corbett and Alice McQuay were two successful candidates at the recent entrance high school examination held recently in Dundalk. They were pupils of No. 2, Proton.

### McIntyre.

*From our own Correspondent.*  
The haying is now pretty well through. The crop was much better than was expected, and has been gathered in excellent condition.

The crops in this vicinity look well and farmers are jubilant over the prospect of a bountiful harvest.

Mr. Isaac Hamilton raised a fine barn on Saturday. The building is 40x60 feet on a stone wall 9 feet high. James Silley did the stone work and James Potts the frame work.

Malcolm and Sandy McIntyre have again left us for Rat Portage. We understand they have got employment there building bridges at remunerative wages.

Mrs. Donald McPhail, who has been visiting her parents for a few weeks, has also returned to Rat Portage.

Mr. Donald McIntyre has the bricking of his house about done, which will add much to the appearance of his residence.

Miss Sarah McPhail is still improving in health.

Mr. Samuel Scott, jr., received a severe cut in his eye a few weeks ago from a piece of sharp stone striking him while working at the stone work of his brother's new house in Maxwell. His eye became greatly inflamed, and it was feared his sight would be impaired by it, but we are glad to say he is nearly all right again.

Mr. John Miller, sr., is very ill at present and is thought to be gradually sinking.

Many of our people have been attending the Mennouite meeting near Badjero's. I fail to see much improvement on them as yet.

### Wodehouse Items.

*From our own Correspondent.*  
Farmers are busy haying. They have left off haying late, to let it grow a little. Those who don't grumble at the light crop say "my hay is a little late this year."

An almost serious accident happened last week to Mr. Jas. Wood of

Essex County. While he and Geo. Morwood were at work on Mr. Morwood's house in Markdale, the scaffolding gave way. Geo. clung to the roof while Wood's fell head-long to the ground, striking on his head and shoulders. Wood's was pretty badly shaken up and has not been able to work since to date of writing.

Mr. Will R. Ellis is home from Ohio.

Mr. and Mrs. Calhoun and Geo. Best, Sydenham, spent Sunday in our neighborhood visiting friends.

Several from here went to The Sound on the excursion. They report a very enjoyable day.

[Received too late for last issue—ED. ADVANCE.]

### Proton Station.

*From our own Correspondent.*

Again the time has come when the country is awakened by the clattering sound of machinery and the merry shouts of the haymakers as they continue to pursue their haying operations which will be easily accumulated, owing to the intense drought during the spring months.

Messrs. R. and A. Neilson have secured the services of Mr. Hector O'Neil for the coming year.

Mr. Henry Gallagher has purchased the gravel road property of Mr. Richard Campbell, where he intends to take up his abode next spring. Mr. G. is an accurate neighbor and will be greatly missed in this vicinity.

Miss Katie Quigg, late of Toronto, has been spending a few days dressmaking in the village.

Miss Maud Paton, who has been residing in Brampton, is at present visiting her parents here.

Mr. Samuel Thompson inflicted a severe wound on his face while tumbling down the high steps behind his house.

Mr. John Saunders has secured a steam thrasher for the coming season.

Mr. Robert Wilson erected a frame barn on the bush property of Mr. John Carnochan, of Toronto.

The stone and brick work of Mr. John Lyon's house is now completed, and the carpenters are busily engaged at the wood work.

Mr. John Carson and Miss Maud Carson visited their sister near Alliston last week.

Mr. John Lyons, jr., who for the past year has been laboring in Toronto Junction, paid us a flying visit on the 12th ult.

Mr. Wm. Clayton and son, of Flesherton, have purchased fifty thousand bricks from Lochard & Sherson.

I think the Inistige correspondent has been travelling rather far for items lately, when he came into town for them. What do you think, John?

A number of boys assembled one night recently at a stated spot in the village and adopted a scornful ba-a at one of our villagers. There appeared to be lots of fun at it till the ba-a ee put in an appearance accompanied by a parcel of his vivacious little dukes and a claw hammer inserted in his coat sleeve, then, you bet, the ba-a-ing ceased, and refugees could be seen and heard throughout the whole town. Sammy said he would hammer the ba-a-a out of them.

Mr. R. A. Parks lost four young horses this season from the effects of an intrusive malady which has familiarized itself to this vicinity.

The Owen Sound Advertiser mentions, under the heading "Things that are seldom found," "An honest and truthful politician." As the Advertiser is one of the biggest politicians in this section of country it will be interesting to his readers to have his character thus laid bare, and from his own lips, too.
