WHY COUGH,

WHEN a few doses of Ayer's Cherry Pectoral will relieve you? Try it. Keep it in the house. You are liable to have a cough at any time, and no other remedy is so effective as this world-renowned preparation. No household, with young children, should be without it. Scores of lives are saved every year by its timely use.

Amanda B. Jenner, Northampton, Mass., writes: "Common gratitude impels me to acknowledge the great benefits I have derived for my children from the use of Ayer's most excellent Cherry Pectoral. I had lost two dear children from croup and consumption, and had the greatest fear of losing my only remaining daughter and son, as they were delicate. Happily, I find that by giving them Ayer's Cherry Pectoral, on the first symptoms of throat or lung trouble, they are relieved from danger, and are becoming robust, healthy children."

"In the winter of 1885 I took a bad cold which, in spite of every known remedy, grew worse, so that the family physician considered me incurable, supposing me to be in consumption. As a last resort I tried Ayer's Cherry Pectoral, and, in a short time, the cure was complete. Since then I have never been without this medicine. I am fifty years of age, weigh over 180 pounds, and attribute my good health to the use of Ayer's Cherry Pectoral."—G. W. Youker, Salem, N. J.

"Last winter I contracted a severe cold, which by repeated exposure, became quite obstinate. I was much troubled with hoarseness and bronchial irritation. After trying various medicines, without relief, I at last purchased a bottle of Ayer's Cherry Pectoral. On taking this medicine, my cough ceased almost immediately, and I have been well ever since."—Rev. Thos. B. Russell, Secretary Holston Conference and P. E. of the Greenville District, M. E. C., Jonesboro, Tenn.

The boys don't like the bear story, but they got there just the same.

Quit an exciting rough and tumble contest took place in the village on Tuesday evening, the 18th, between two of our (so called) hard-to-handle men who had previously quarreled with no dangerous results and appointed the above date for who should carry off the championship. On the expiration of the stated time their dry goods were stacked and a right smart flap from the combatants as those from a fighting cock, led the proceedings. Allen was apparently calm while Jack's large, penetrating eyes could almost be snared with a hay rope. After several hard knocks were communicated, Allen dealt a row up his opponent's wind reservoir and claimed the victory. It was not until a few days after that the real pugilistic value of those two heroes was determined, who, when boxing together, came in contact with an individual who proceeded to knock them both out. One of them stood his ground, (to his sorrow) and the other ran for his dear life, and must have been wading the creek all night, for when he returned to his boarding house he looked like a drowned rat. Those two are hired men in the village and from a distance, and should not be allowed to disturb our quiet little town.
