GOOD NEWS.

Here is good news for all you people who know the value of a dollar. Stand up and tell us if you can, where lives the man or woman who is not anxious to get the most in quantity and value for every dollar they spend. Such people do not exist in this community, therefore we have something to communicate that is of great interest to all.

WE CALL YOUR ATTENTION TO A FULL LINE

Of new and seasonable goods which possess those desirable features in quality and price that stamp them as bargains. The firm who is fortunate enough to have a stock like ours certainly has the right to

TOOT THE HORN

A little in their own behalf, but we shall make no more noise about our stock than is absolutely necessary to induce our friends and neighbors to come in and

: LOOK OVER :

Our immense line of seasonable attractions. A great outlay of hard work, hard sense and hard cash has been expended to make our stock all that critical buyers could possibly demand in variety, quality and price. We have succeeded in gathering together a line of goods that is above criticism or reproach, and when we inform you that they may be yours at lowest living prices

WE CAN GO NO FURTHER.

Surely you will see that it will be to your advantage to call and investigate our claims for your patronage. When it costs you nothing to look, and you are not expected to purchase unless our fine goods and low prices prove irresistible appeals to your

JUDGEMENT.

If doubt exists in your minds about our good intentions do not condemn us before making a fair comparison between our stock and that of our competitors. Call and see for yourselves and be convinced.

McDONALD & EVANS.

Proton Station.

From our own Correspondent.

Harvesting is now all completed in this locality and threshing is succeeding it in quick style, for Mr. Robert Sanders has the job and he is the boy that can do it.

Mr. Robert Neilson, of Manitoulin Island, spent a few days lately with friends in the village.

Lockhart and Sherson have another large brick kiln ready for the fire.

Professor Ross delivered a lecture on physiology and physiognomy in the hall Tuesday and Wednesday evening of last week, in which a fair crowd assembled and everyone seemed to be anxious to get their head explored that they might ascertain the circumstances of their real being whether they be good or evil. The transaction was quite entertaining and good order prevailed throughout the audience, with the exception of a few who took it in hand to amuse themselves but did not really think by their preposterous clamor that they would have adopted the horrible name of the Rang-a-tag Bob-tails.

A weary traveller came to the residence of Mr. A. Neilson recently. He was naked and they clothed him, thirsty and they gave him drink and made him comfortable in every respect.

Mr. Philip Blooman, of Streetsville, paid our town a brief visit last week.

Quite a number attended a bee at Mr. Samuel Wauchob's on Friday last, and of course they had to shake the dust off their feet in the evening.

Miss Sarah Neilson, who has been residing in Scarboro, is now visiting her parental home.

Lockhart and Sherson captured a large bear, but its long standing before found rendered it valueless.

Mr. A. Neilson has painted his store house and residence which adds greatly to their appearance.

Mr. John Ray has resigned village life and has taken up his abode on the farm.

The painting and plastering of Mr. John Lyons' house is almost completed. Soon be time for warming.

WHAT IS WHISPERED AROUND.

That Gaby has returned to replenish his pocket.

That East got his bread burnt.

That a few dry knocks were communicated at Uncle Robert's threshing.

That a new pump is badly needed at No. 4 school.

Wodehouse Items.

From our own Correspondent.

In the midst of life we are in death. How often of late we have sympathized with those who have been bereft of their dear ones. On Saturday last Mr. Heathers received a despatch stating that his daughter Eliza Jane, who had been living in Toronto, was that morning found dead in bed. No particulars as to the cause of death has been received. It is supposed heart disease was the cause. Much sympathy is extended to the bereaved family.

Miss Joe, Ellis has returned from an extended visit to Lindsay and other towns in Victoria county. Her cousin Mrs. Ventress, with her husband, accompanied her home.

Miss Ella Wilcox contracted a severe cold while at the Toronto exhibition and is unable to return home.

A white frost on Tuesday morning of this week.

We hope that Squire Stuart while killing his five deer, may at least bring one home alive. It would come useful somewhere if he didn't want it.

Swinton Park.

From our own Correspondent.

"The lands are lit
With all the Autumn blaze of golden rod,
And everywhere the purple asters nod,
And bend and wave and flit."

Mr. Jas. McLean was taken suddenly and dangerously ill a week ago last Friday with cholera morbus, the result of drinking cold water when over-heated. We are glad to state, however, that Jas. is now out of danger.

We are also pleased to hear that Mr. Joseph Richardson is now convalescent. Mr. R. had lock jaw for a short time, the result of getting some teeth pulled.

A dog fight on the roadside caused W. J. Blakeston's pony to run away while driving to school one morning lately. Fortunately little damage was done beyond the breaking of the shafts and smashing off the dashboard.

Messrs. R. Kinnell, Geo. How, James Wilson, James and Samuel Parslow, attended the G.N. exhibition at Collingwood last week.

Miss M. A. Richardson is home from the Queen City on a visit to her parents.

Mr. James Wilgar, of Toronto, was the guest of Mrs. Hardy last week.

As Dan Ferguson was driving along the road last week, the wagon tongue came out of the neck-yoke and the wagon struck against the horses which ran away. The tongue stuck into a bank and acting as a lever hoisted the wagon into the air, throwing Dan out.

S. Parslow was also in the wagon but was not pitched out although when the forewheels struck the ground after their elevation, Sam. bounced into space like an India rubber ball. The horses became detached from the vehicle, thus preventing serious damage.

Dan. was sore for a few days as the wagon ran over him.

Miss Burford and Mrs. William Hardy, of Big Bay, are visiting friends in this vicinity.

Miss Sophia Frooke and Mr. Frooke are visiting friends at Walkerton.

Mr and Mrs. Jas. Aldcorn are visiting friends in Harriston and vicinity.

McIntyre.

From our own Correspondent.

It is with regret that we again report the death of one of our young friends. This time the cold hand was laid on Mr. Donald McPhail's family and claimed as its victim his daughter Sarah, aged 19 years. The deceased had been suffering for over a year with consumption and quietly passed away to the rest she so much longed for, on Wednesday evening last. The deceased was highly respected and died with the assurance of a hopeful eternity. The remains were interred in the McIntyre burial ground on Friday afternoon.

A good many of our citizens took in the G. N. Exhibition at Collingwood on Wednesday and Thursday.

Mr. Hugh Roberts will soon have his new house completed, which will materially add to the appearance of our village.

Mr. and Mrs. Scott, and grand daughter Minnie, left on Saturday for a trip of a couple of weeks in the county of Ontario.

Threshing is the order of the day. Mr. Stinson's machine has moved in to the 4th line.

It is a certain and speedy cure for Cold in the Head and Catarrh in all its stages.

SOOTHING, CLEANSING, HEALING. Instant Relief, Permanent Cure, Failure Impossible.

Many so-called diseases are simply symptoms of Catarrh, such as headache, neuralgia, deafness, loss of smell, foul breath, hawking and spitting, nausea, general feeling of debility, etc. If you are troubled with any of these or kindred symptoms, your have Catarrh, and should lose no time in procuring a bottle of Nasal Balm. Be warned in time, neglected cold in head results in Catarrh, followed by consumption and death.

NASAL BALM is sold by all druggists, or will be sent, post paid, on receipt of price (50 cents and \$1.00) by addressing FULFORD & CO., Brockville, Ont.
