A Trip to China.

MONDAY, NOV. 9.—We sailed out from Yokohama at 5 a.m. I was awake and so got up to take one more look at that wonderful city. It is very beautiful to see the lights along the shore, and what made it more interesting there were three man-of-war ships anchored there, and they were all lighted up. We passed the great Fuji-Yama volcano this morning, and we passed one yesterday. It is wonderful to see the smoke issuing out of the earth. I do praise Him for giving us this beautiful weather while passing through this interesting part of the eastern world. We have so much to be thankful for. Every one on ship board is well, except one sailor who met with an accident. He is much better. We have been watching the sunset which was very fine, and we saw a number of porpoises jumping up out of the water, and one small whale. We have had our third meal and are on deck watching the moonlight on the water. It is time for our meeting, so I must go in Good night, dear ones.

TUESDAY, NOV. 10.—We had a good meeting last evening. We had no particular leader; the Lord was our leader. It was an open meeting for prayer, the principal subject of all prayers being for more Holy Ghost power. It was a singular day. In the morning I read the 2nd chapter of the Acts, and the Lord seemed to lay that subject on my heart very much. I noticed at our noon prayer meeting it was the one thing most desired. We arrived in Kobe this morning and stayed till noon. I went ashore and saw some of the strange sights of Japan. Kobe has a population of about 60,000. We took a long walk through the streets and then called on Mrs. Ballard, who labored for many years in China. Mr. Ballard died a short time ago, and since that time she has had charge of this mission home, which is a beautiful place, situated on the side of one of the fine mountains. The mountains are so pretty. They have terraces made on the sides of them to cultivate rice, tea and other products. It was nice to get our feet on land once more and see all the beautiful things that grew. The gardens remind one of what ours look like in the month of July. The natives here do all the teaming. I did not see a single animal except a cat. On returning to our ship we took a jinrikisha, which is a small carriage just large enough for one person. The man fastens you in and then gets into the shafts and trots off. We returned to our ship ready for our dinner. The board and accommodations of our ship are very good. During the afternoon we have been sailing through the islands of the sea. It is very beautiful.

WEDNESDAY NOV. 11.—We arrived in Nagasaki at 2 p.m. We went ashore and had a long walk through the city, then we took a jinrikisha and went up to the temple. It was the national temple, and while looking at them bowing and going through such performances, the thought came to me, why shouldn't I go to China and teach those dear people about the Lord Jesus, when I have been privileged to know Him who is the light of the world? The shore is the shape of a horseshoe, and the city is around the edge of the water, and back of this a beautiful range of mountains with their terraces. I longed to climb one of them, the foliage is so pretty. We returned to our ship tired of the strange sights. They have some animals here that look like our horses and cows. The streets are very narrow but clean. The houses

are low and roofed with thick tiles. Some of the women and children are quite pretty.

THURSDAY NOV. 12.—We sailed from Nagasaki this morning at 2. We are now sailing on the Yellow Sea out of sight of land. When we wake up to-morrow morning we shall be in sight of China. We had a very precious meeting to-night. It was a testimony meeting.

FRIDAY, NOV. 13—8 a.m.—I have looked for the first time on the land of China. "Delight thyself also in the Lord, and he shall give thee the desire of thine heart." He first puts the desire into our heart and then permits us to see them fulfilled. 10 a.m.—Anchored, and have embarked into a coasting boat which will take us into the harbor. 12 m.—Landed at Shanghai; the friends are here to meet us. 2 p.m.—Have arrived at the Home and had a good dinner, and am settled in a nice room to finish writing. The birds are singing in the garden. The flowers are so fresh and nice. All the windows and doors are open. I can truly say with David "Praise the Lord, O my soul, and forget not all his benefits."

Instioge.

From Our Own Correspondent. There is a great deal of sickness in this vicinity at present.

Mr. Thos. Hutchinson, who has been in a critical condition from a severe attack of congestion of the lungs, is now considered out of danger. Dr. Greenlaw was the physician in attendance.

Miss Berty Nicholls is yet sick, but much improved.

Mr. John Ruddick's youngest child died on Wednesday last from scarlet fever and diphtheria. Funeral took place to Bethel cemetery on Thursday following.

Mrs. Lonsway, sr., is improving very fast. She has borne her long sickness with christian fortitude.

Mrs. Jas. Cornfield is suffering from an attack of erysipelas.

Mr. John Agnew and son, of Alliston, are visiting their numerous friends in this locality.

Mr. Wm. Graham is busily engaged preparing the material for his new house.

Miss Maud Armstrong is gone to Owen Sound for a time.

Mr. Samuel Waikley and family are going to the N. W. T. to try their fortune. We wish them all success.

Mr. Eli S. Hames is also going to the N. W. T. shortly.

Chief Red Skin is on the war path! He has marshalled his braves at Eniskillen.

Mr. Josiah Roseborough returned to the Toronto Medical school on Monday last.

Mr. Sam Roseborough is gone to Owen Sound to attend the Collegiate Institute.

NOTICE!

To young men desiring to learn the art of scientific cutting I have decided to open a night school for that purpose, to commence on the first day of January, lasting through the winter months. I will guarantee to learn any smart young man in from one to two months the art of cutting, so that he will be able to command from 30 to 40 dollars a week salary in any city in Canada or United States. Now, farmer's sons, everybody, don't miss this splendid chance. You will pay in the city \$100 and \$50 for board while learning to cut. I will make the price in reach of every young man. My system of garment cutting is the only complete system of actual measurement ever produced where every measure taken can be applied to the draft. As to my ability as an eminent scientific cutter I can give testimonials from some of the leading men in Canada and United States, having served a long term at the tailoring in England, in all thirteen years, having taken my diploma as a cutter in London, England, 7 years ago. I will defy any cutter in Canada to compete. Special terms with Tailors that have systems that don't prove successful. All intending to take advantage of this splendid chance would do well to come early or correspond by mail, as I will only take a limited number of pupils. Address all letters to
F. A. Baker, Tailor,
Box 212, Flesherton.
